

Primary Care IT Limited

Pricing Document – G-Cloud 15

All prices are exclusive of VAT.

Primary Care IT Subscription – PCIT Toolset

Pricing is based on **registered patient population**, per organisation.

Essentials Package

- **£0.18 per patient per year**
- **£295 one-off installation fee per site**

The Essentials package provides access to core Primary Care IT clinical system tools supporting safe, standardised delivery of national requirements and improved data quality.

Enhanced Package

- **£0.28 per patient per year**
- **£295 one-off installation fee per site**

The Enhanced package includes tailoring of the essentials package to support delivery of local commissioned services.

Professional Package

- **£0.33 per patient per year**
- **£295 one-off installation fee per site**

The Professional package builds on the Enhanced package to provide referral document management, ensuring standardisation of referral forms and processes.

Installation Fee Waiver

The one-off installation fee is **waived for contracts agreed at Primary Care Network (PCN) level or above**.

OneAnalytics Pricing

OneAnalytics pricing is based on **registered patient population** and applies to access to secure, web-based dashboards.

National Content

- **£0.10 per patient per year**
- **£295 one-off setup fee**

Includes dashboards supporting national contracts and priorities, including QOF and PCN DES.

Localised Content

- **£0.10 per patient per year**
- **£295 one-off setup fee**

Includes dashboards supporting locally commissioned services and place-specific delivery oversight, where applicable.

Combined National and Localised Content

- **£0.18 per patient per year**
- **£295 one-off setup fee**

Discounted rate applies where both national and localised OneAnalytics content are taken together.

What the Annual Subscription Covers

Annual subscription fees cover:

- Ongoing product development and enhancement
 - Regular updates aligned to national and local requirements
 - Maintenance and support of clinical system tools and dashboards
 - Access to support materials and specialist assistance
-

Discounts

Discounts for volume subscriptions and contract duration are published separately within the G-Cloud 15 framework.

Notes

- Pricing is based on registered patient list size
- No additional licensing is required for individual users
