

Pricing - ConflateX™

1. RMSI pricing for ConflateX is based on the extent of area to be conflated and also depends on the Source and Target datasets.
2. The Target datasets could be Aerial imagery, Vector data or LiDAR datasets.
3. RMSI is flexible in providing both Lumpsum pricing and Time & Material based pricing.
4. Generally, the Pricing per Sq.KM of area ranges from £130-140 and RMSI offers volume discounts for bulk orders.
