

Pricing Bands - Automated Easement Intelligence

Easement count	Automated Easement Intelligence Pricing (£) per document (up to 10 pages)	Annual Subscription Fee (£) per Easement Document	Per-Document Pricing for Easements (£, up to 10 pages)
Up to 25000	10	2.5	12.5
Up to 50000	7.5	1.5	9
Up to 100000	5	1	6
Up to 250000	4.5	0.75	5.25
Up to 500000	4	0.5	4.5
Up to 1000000	3.5	0.25	3.75

Note:

- Cost-effective entry pricing:** For lower volumes (up to 25,000 easement documents), the processing cost is £10 per document, plus a nominal platform subscription fee, making it highly cost-effective even for smaller datasets.
- Volume-based pricing:** Per-document rates decrease as the total number of easement documents increases, ensuring better cost efficiency at higher volumes.
- Automated Easement Intelligence:** All-inclusive processing, each rate covers automated extraction and interpretation of spatial geometry and legal text, vector creation, and linkage of related information within and across documents (up to 10 pages per document).
- Platform subscription Fee:** This will cover secure data storage, document processing infrastructure, system maintenance, and ongoing platform support.
- Subscription + Processing Model:** A lightweight annual subscription supports platform access, maintenance, and continuous improvements, while the per-document rate reflects actual processing usage.
