

Cloud Managed LAN & Wireless by Nasstar

Pricing for G-Cloud 15

1 Pricing

1.1 Nasstar Managed LAN and Wireless

Nasstar's Next Generation Managed Service is available in three levels – Lite, Premium and Elite. The Next Generation Managed Service component day rates range from £500 to £2500 per day. The rates and number of days per month depends on the level of service chosen and the number of devices connected to a LAN and Wireless LAN.

Per LAN and Wireless device management charges range from £7.50 to £35 per month, depending on the site profile and equipment in use at the site.

Nasstar can provide competitive pricing for LAN and Wireless LAN equipment and break fix services according to requirements. Please contact Nasstar for further information.
