Avco Systems AnyComms Plus Cloud

AnyComms Plus Cloud Pricing

The following pricing structure is available:

	<i>Price per Site*</i>	<i>Minimum Annual Total (100 Sites)</i>
<i>Year 1</i>	£130	£13,000
<i>Year 2 +</i>	£75	£8,000

* A site constitutes a unique property address with a maximum number of 100 users.

What does the price include?

- Deployment of an AnyComms Plus Cloud site, hosted on Avco Systems' Cloud infrastructure
- Support to ensure the availability of the site
- Dedicated, UK-based technical support via phone or email (Monday to Friday, 08:30 – 18:00 excluding public and bank holidays)

What does the price exclude?

- Data migration into the AnyComms Plus Cloud service
- Integration with any third-party tools
- On-site training / orientation
- Support to resolve issues causing loss of service, specifically within client networks
- Support outside of the outlined support hours

Extra Services

The following services can be requested at an additional cost:

- Data migration into the AnyComms Plus Cloud service
- On-site training / orientation
- Software Development services to provide bespoke modifications and additions in relation to the service offered
- Professional Services are offered at a fixed price or day rates from £750 to £950
