Pricing for Software & Services

The following is our traditional annual subscription pricing model with all-inclusive services associated with an Enterprise Supplier Financial Risk Management Program between RapidRatings and your business.

Annual Base Subscription (Fees start at GBP 158,600 per annum)

1. Access to Global Coverage of Financial Health Rating (FHR) Reports and Analysis
 - a. Unlimited Reports of any Global Publicly Listed Companies.
 - b. Public companies automatically rerated as new financial statements are released.
 - c. Addition of new publicly listed companies at no cost.
2. FHR Exchange Starter Pack → 150 Private Company Share Credits
 - a. RapidRatings will collect and analyze private company financial data.
 - b. Additional Private Company Outreaches / Shares above initial purchase at GBP 425 each.
3. Financial Health System SaaS Platform Access for Designated Users (included in annual fee)
 - a. Nine (9) Primary Users who will have full access to the RapidRatings' Client Success team via phone and email.
 - b. Seventy-Two (72) Secondary Users who will have the same access rights as Primary Users, but who will channel support requests through a Primary User.

Managed Services for Program Onboarding & Ongoing Client Support (Fees start at additional GBP 15,000)

- a. Managed Implementation Services, including user operational training, public and private company analysis, program design for Private Company Outreach and ratings justifications.
- b. Program Design Guidance and enhanced financial analytics training
- c. Dedicated individual Client Success Manager throughout the duration of the contract.

API Connectivity (GBP 10,000 annual ongoing maintenance fee)

- a. Flow up to 15 core ratios, all ratings and even links to reporting into an internal system.

Please note:

The **Annual Base Subscription** fees (starting at GBP **158,600.00**) above equate to the "Minimum price" listed under the **Price** section within the Framework. Whereas the "Maximum price" includes the **Annual Base Subscription** plus the **Managed Services** and **API Connectivity fees** (starting at GBP **183,554.00**).
