

STANCE

Why Stance?

Every Stance engagement is tailored to meet your exact user needs to ensure you get the business value you need as quickly and efficiently as possible.

However you can always expect the following:

- Expert consultants with a minimum of 20 years industry and public sector experience
- A collaborative and empathetic approach to working with you and your organisation successfully
- Pragmatism born from real world leadership experience
- Direct, honest assessment of your current context - we will be your critical friend.
- Deep understanding of latest UK Government Digital, Data and Technology (DDaT) policy and advice including implementation of the Service Standard and Technology Code of Practice and the DDaT Capability Framework
- Flexible deployment and transparent commercial options designed around your needs
