- Write once, run many 'Infrastructure as a Code' mindset
- Generation of Innovative Technical Solutions to Business Problems
- Secure by design with automated non-persistent security controls
- Independent and vendor neutral
- Cyber Essentials accredited
- SC and DV Cleared resources

Established in early 2018, our primary goal at Parico is to develop a positive reputation across the defence sector, as a UK SME Technology Disruptor within Public and Private Sector organisations.

At Parico, we're incredibly passionate about our people and encourage the development and growth of our engineering community. Every Parico Rockstar has the freedoms to innovate and develop the next generation of disruptive products and services for our customers.

As an SME, we're able to respond to our customers requests quickly and efficiently, embracing Agile working practices across our entire organisation.
