

CONNECTING PEOPLE & BUILDINGS

VISITOR MANAGEMENT

YARDI BLUEPOINT

- Contactless visitor check-in
- Engage your occupants
- Know your visitors
- Enhance security

FLEXIBLE VISITOR MANAGEMENT

CREATE APPOINTMENT

CALENDAR

Create visitor appointments using your calendar app.

WEB

Log-in to Yardi Bluepoint to create detailed appointments.

VISITOR CHECK-IN

RECEPTION

Check-in by site receptionist via Yardi Bluepoint with QR code, PIN or name.

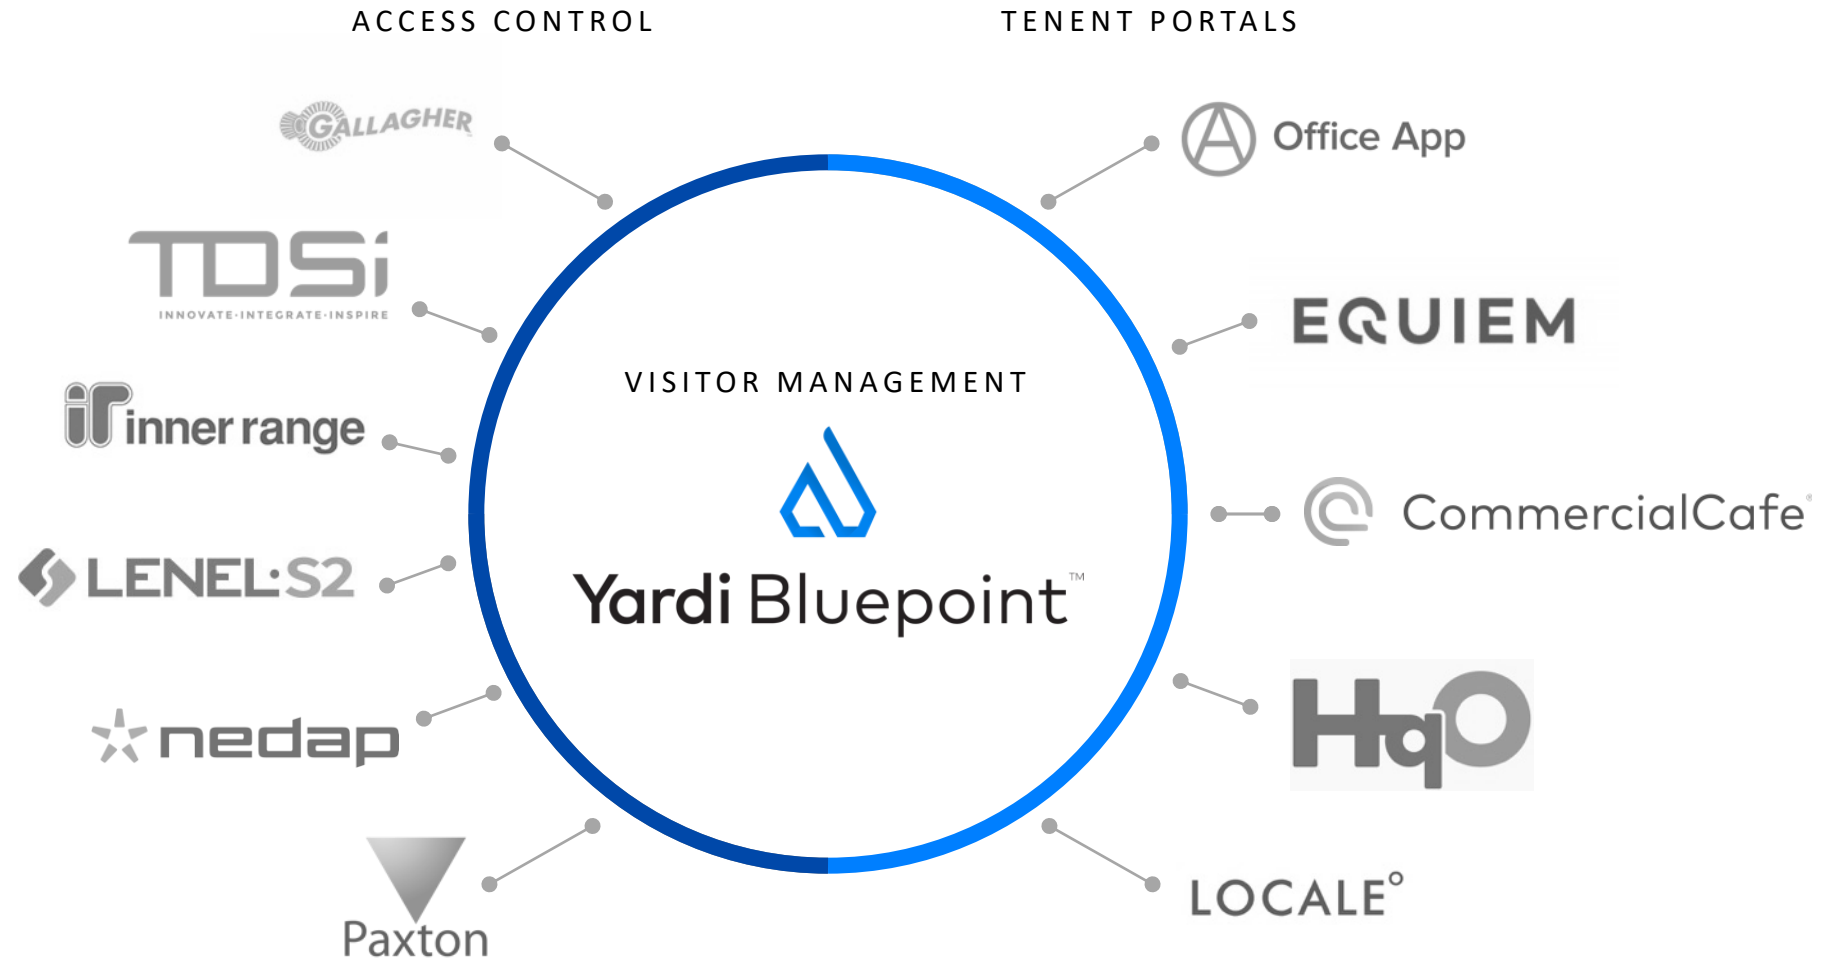

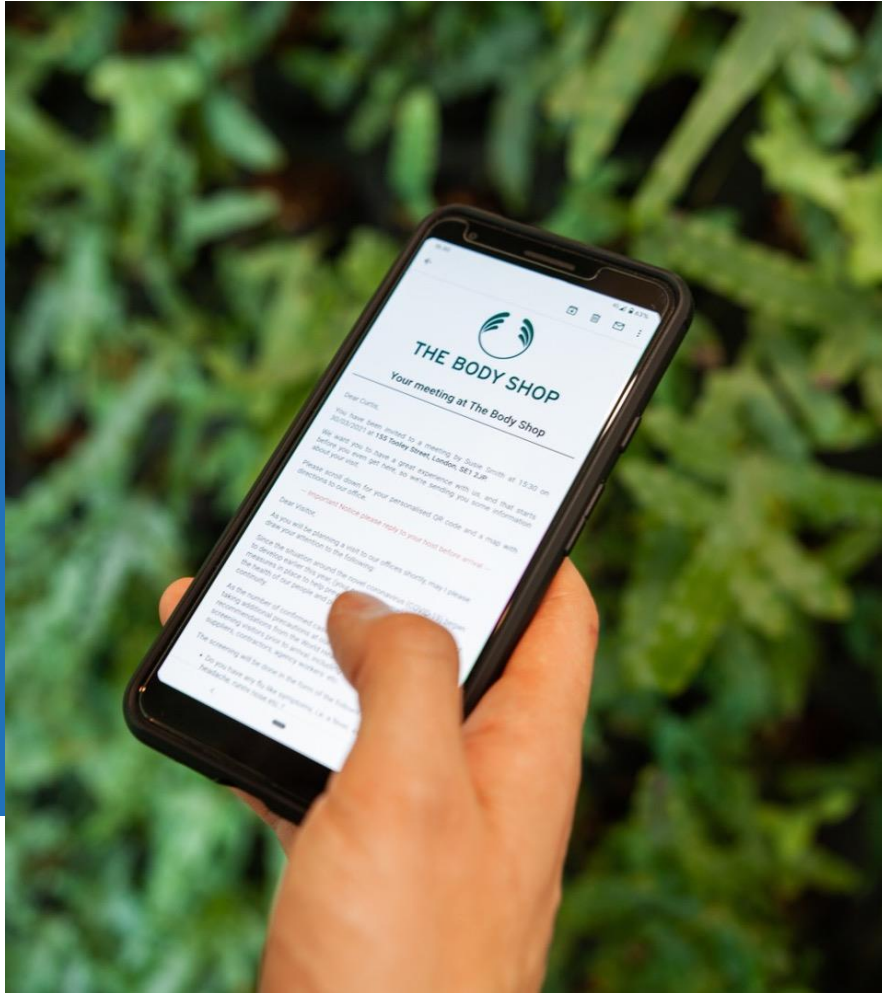

SPEED LANE

Scan your QR code on your phone or printed pass to open the speedlane.

API INTEGRATION

FLEXIBLE VISITOR MANAGEMENT COMMUNICATION

The journey starts with the invite email which contains:

- Key building information
- Pre-screening requirements
- Travel information
- Marketing communications

On arrival, Bluepoint offers flexibility so visitors can check-in in multiple ways.

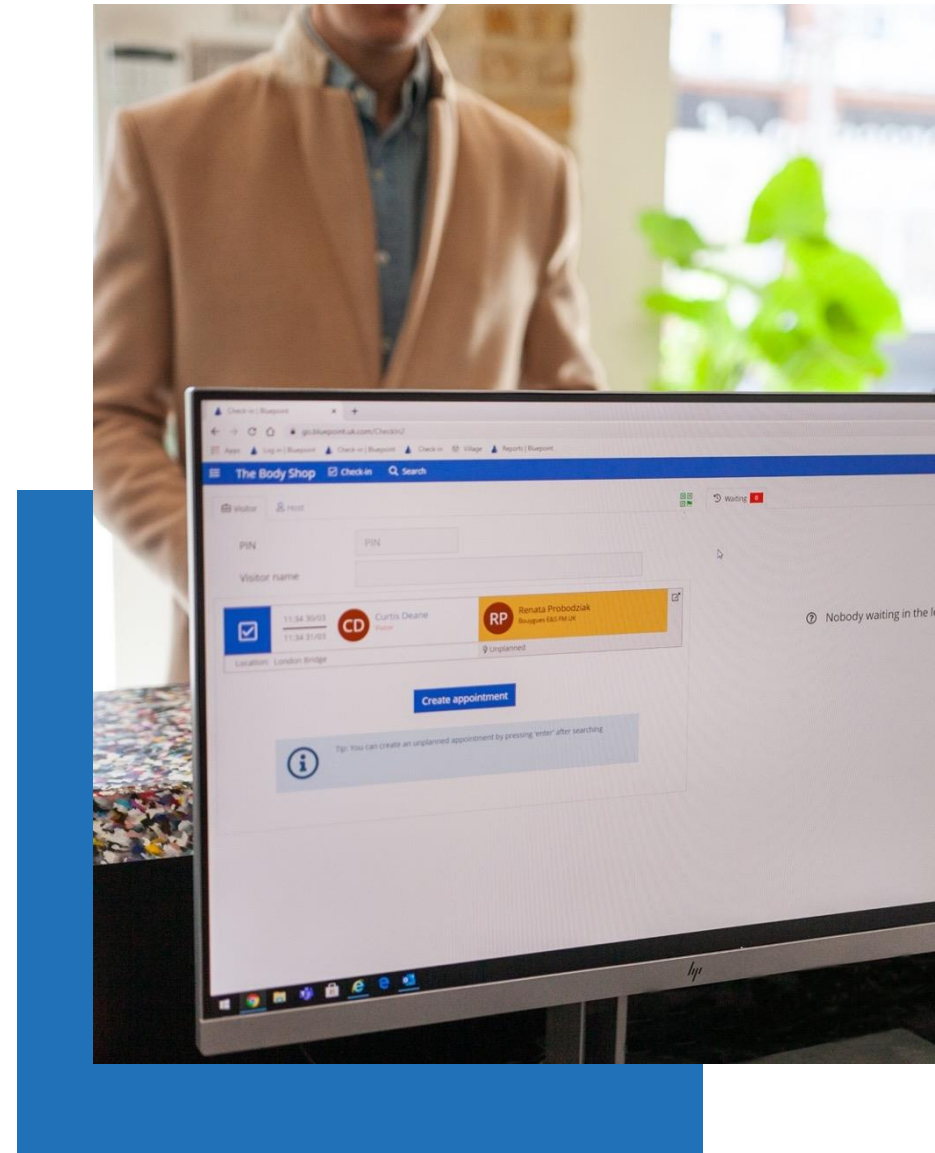

FLEXIBLE VISITOR MANAGEMENT

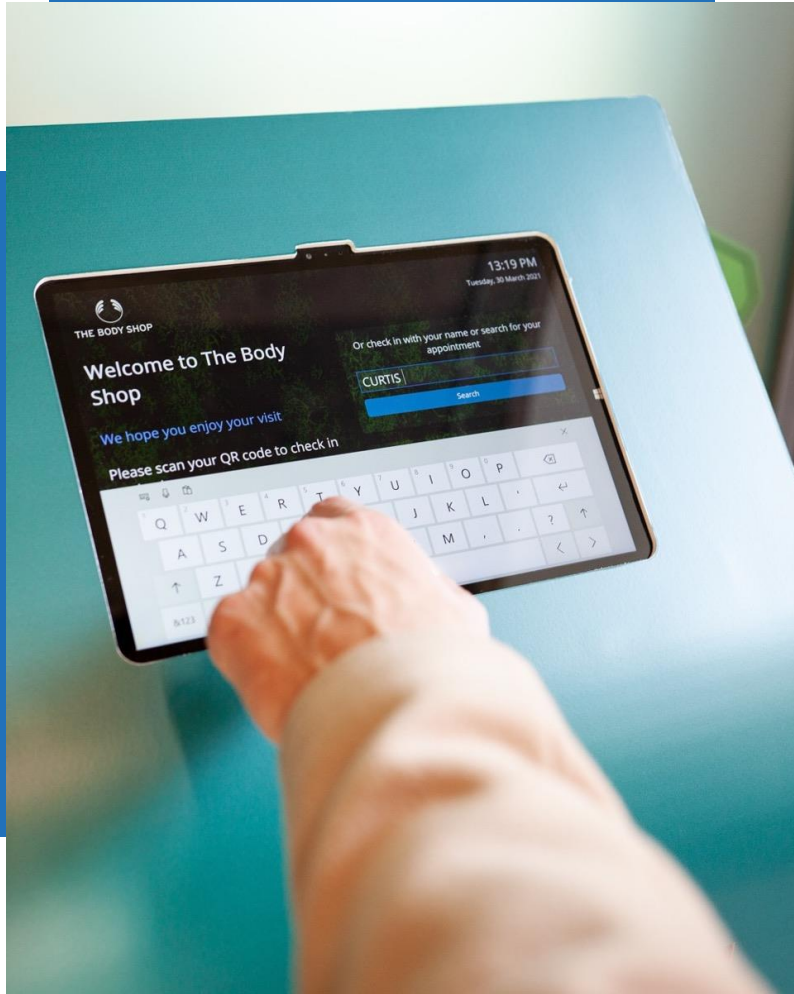

CHECK-IN

Empowering reception teams to manage visitors efficiently.

Greet visitors by name, check-in quickly and send automatic notifications to hosts.

Reception teams can use the Bluepoint dashboard to view expected visitors to manage resourcing the reception desk or plan for the best check-in method for busy times.

FLEXIBLE VISITOR MANAGEMENT

SELF CHECK-IN

Desk or free-standing kiosks are a great option for busy buildings with repeat visitors or for smaller buildings which are less busy.

Visitors, contractors and staff check-in by scanning their invite QR code on the kiosk automatically notifying the host to collect

Seamless, secure and safe.

VISITOR MANAGEMENT

MEET & GREET

Using a tablet your reception team, tenants or hosts can walk the reception or meeting room floor to check-in visitors in as they arrive.

For small or large spaces.

FLEXIBLE VISITOR MANAGEMENT

DESTINATION

Bluepoint gives visitors smart access using existing access control via mobile QR code or an access card.

- Through a speedlane
- Into lift
- To a floor
- To a meeting room

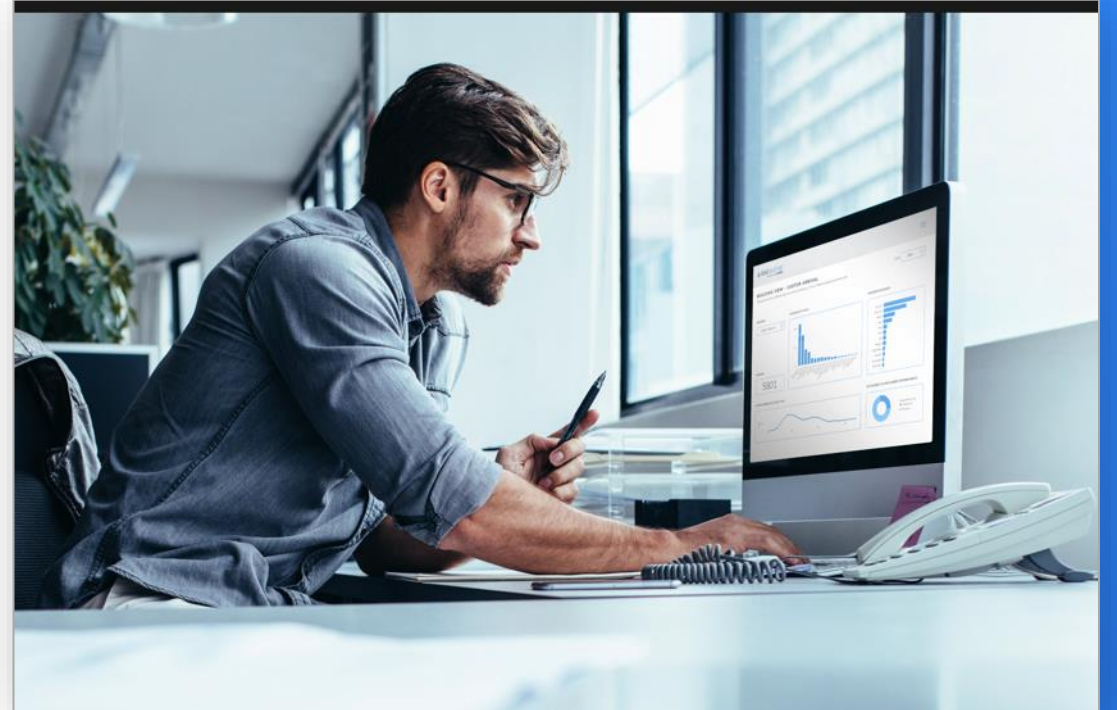

Temporary access for staff can also be issued; time-limited and allocated to an individual host, group or company for security.

VISTOR DATA

I N S I G H T

We ensure our customers have data that is useful, relatable and easily customisable.

From portfolio owners and managers, through to occupiers, our rich data provides insights into building operations, utilisation and efficiencies.

VISITOR MANAGEMENT

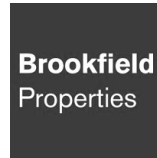

TRIED, TESTED & TRUSTED

“30 St Mary Axe has a number of different tenants who require a journey for their visitors that fits their needs and culture.

Yardi Bluepoint technology provides our reception and security staff with an efficient solution to provide the right level of service and ensure people in the building are visiting safely.”

Clare Jackaman, Operations Manager at The Gherkin.

CUSTOMERS
