OUR SERVICES

UNLOCKING DELIVERY WITH PURPOSE

A trusted technical delivery partner, SR2 Consulting supports government departments by rapidly deploying specialist individuals & squads to deliver high-impact outcomes.

Collaborative scoping and milestone definition to shape clear, outcome led delivery plans

Civil service retains strategic ownership while we embed experts to drive delivery

One team delivery model aligned to public sector culture and ways of working

Proven ability to co-deliver with other suppliers in blended, multi-partner environments

Scalable resourcing models to flex team size and skills without commercial penalties

Milestone-based delivery assurance using standardised playbooks and delivery governance

DELIVERABLES TRACKING

CLIENT-LED VISIBILITY

Real-time view of agreed outcomes, in-progress delivery, changes and acceptance status

AUDIT-READY

Transparent tracking provides a clear audit trail for governance and spend management

CLEAR CONTROLS

Deliverable acceptance owned by the client; changes logged, assessed and agreed before delivery

FLEXIBLE & LIGHTWEIGHT

Non-proprietary tooling that scales from short engagements to multi-month Statements of Work

ADDED VALUE

BUILT INTO DELIVERY

CAPABILITY TRANSFER

Structured knowledge transfer sessions embedded into delivery

Upskilling aligned to roles, tools and live services

Reduces long-term dependency on external suppliers

INCLUSIVE, HIGH PERFORMING TEAMS

Inclusion and ways of working sessions

Supports blended teams across civil servants and suppliers

Improves collaboration, retention and project effectiveness

CONTINUITY & RESILIENCE

Structured handover and shadowing for all role transitions

No cost handover periods where substitutions are required

Protects service continuity and delivery momentum
