Our platform is hosted and managed using AWS, the world's most comprehensive and recognised cloud technology, ensuring you never have to worry about availability or uptime.

We commit to a minimum monthly availability of **99.9%**.

BuildEmpire Edition

We know how powerful Totara is, but as a team of developers, we wanted to take the LMS one step further. And so, the [BuildEmpire Edition](#) was born. Leveraging Totara's core functionalities, we've implemented bespoke tweaks, adjustments, and brand-new features you cannot get anywhere else!

Step 1: Choose how many users and how many Totara products you need (Learn or Learn + Perform)

Users	< 500	< 1,000	< 2,000	< 3,000	< 5,000	< 10,000	< 15,000	< 20,000

Price per annum	£17,900	£22,400	£26,500	£30,000	£39,000	£52,750	£65,900	£75,500
Two Totara Products	£19,950	£26,200	£30,300	£34,250	£44,200	£59,500	£72,500	£80,200

User numbers are based on annual active users. For sites with over 20,000 active users or bespoke requirements, please contact us at commercial@buildempire.co.uk

Costs can be fixed for up to 3 years. Any multi-year discounts, where offered, are agreed at call-off.

Step 2: Choose any optional additional services you need

Single-sign on	£1,000.00
HR Import	£2,000.00
Integration(s) Connect your new platform to your existing business-critical systems, such as Human Resources Management Systems (HRMS), Customer Relationship Management (CRM) systems, and video conferencing tools.	From £3,000 (dependant on scope and complexity)
Migration The time it takes to complete your migration depends on your involvement and the speed at which we can access data from your current platform. We typically see focused companies completing the transition within a matter of weeks.	Free - £5,000 (dependant on scope and complexity)
Bespoke Development We're on hand to help you create or tweak aspects of Totara for improved usage.	POA - £1,000/day (dependant on scope and complexity)
Staging Environment Explore our Staging Environment, a dedicated sandbox site designed for User Testing. This invaluable feature serves as a safety net, enabling comprehensive testing, fine-tuning, and validation of changes before they're implemented on the main platform.	From £1,350/year
Onsite Training	£3,000/day + travel expenses

Step 3: Selecting BuildEmpire as your chosen supplier

Ordering Process: You can initiate the ordering process through the CCS portal. This entails entering into a contract with us, where terms, conditions, pricing, and any additional requirements are confirmed. Once the contract is signed, we can proceed with the onboarding of the chosen service(s). Throughout this process, you will receive support and guidance from both the CCS team and BuildEmpire.

Service Levels:

We commit to a minimum monthly availability of **99.9%**.

And don't just take our word for it; feel free to reach out to us for a reference from one of our customers.

Onboarding and Account Management:

We've guided numerous clients through successful migrations and implementations.

Once the contract is signed, your dedicated implementation specialist will conduct an in-depth initial workshop, ensuring a thorough understanding of your unique requirements and configurations.

You will gain access to a wealth of resources, including virtual training sessions and recorded materials, providing comprehensive guidance on platform navigation and usage.

Following the setup process, regular Customer Success reviews are provided to ensure successful outcomes.
