ADDITIONAL MODULES

SINGLE SIGN ON

Single Sign On can be used by individuals who manage cases on the INCASE365 Whistleblowing Solution. Staff members who raise concerns using the web referral app don't need to log in.

Annual Cost - £1,000

WEB REFERRAL FORM TRANSLATION

Users can now add translation functionality to the web referral form and 2-way communication features for INCASE365. This removes barriers to making a report by allowing referrers to communicate in their native language where their ability to read and write in English may be limited.

Annual Cost - £1,000

ADDITIONAL ORGANISATIONS

Additional organisations can be added to the solution where one team manages whistleblowing for multiple organisations. This includes an additional organisation cost (detailed below). In addition to this, please note that the employee numbers across all organisations will be combined to arrive at the annual price.

Annual Cost - £1,000

CASE PREPARATON MODULE

INCASE365 now has a Case Preparation Module, which allows users to build an intelligence case file from a variety of documents, emails, and images. Users can make use of several easy-to-use tools to review and manipulate the digital case file, including redaction functionality. Users can create and edit document bundles with instant pagination and indexation. These bundles and digital case files can then be shared with clients, colleagues, or court via a secure link. This is charged on a per user per month basis and billed annually in advance.

Price Per User Per Month - £60

REPORTING DASHBOARD

INCASE365 comes with a full suite of reports built-in to cover all your investigation needs. There are also additional reporting extracts for interfaces with software such as Microsoft Power BI. However, more and more customers are looking to develop their own internal reporting dashboard.

INCASE365 now has an additional reporting dashboard module.

Annual Cost - £1,500

MG FORMS MODULE

INCASE365 has the ability to mail merge with all standard Word documents however, we have now developed an MG forms management module. This allows seamless links between the case information and important case documentation.

Annual Cost - £1,500

** Please note, all prices are excluding VAT*
