Custom Feature Development

Based on your requirements and specifications, we can develop custom features to suit your needs. This may include:

- Development of bespoke content for your team
- Interactive courses and elements to the learning platform
- Personalised workflows, training modules and content
- Bespoke reporting tools and notifications
- Custom integration with your operational systems
- Bespoke metadata management and displays
- Custom UI enhancements

Our price matrix includes 4 months of customisation time, however, this can be extended based on your needs.

Optional Additional Services

- Online system training (for technical staff) - i.e. online sessions designed to guide users in how to use the platform effectively (£950/day)
- Online system training (for non technical staff) - i.e. online sessions for non technical staff designed to give them the best insights into using the platform effectively (£1250/day)
- Onsite system training - i.e. training session at your office (£1250/day)
- Bespoke reports, dashboards and customisation is charged at a daily rate of £1500/day
- Custom course or content creation is charged at a daily rate of £1500/day
