Registers Hosting and Editing

This includes the following:

- Unlimited Registers, securely hosted.
- 10 User accounts for named Register maintainers.
- Online editing for Register maintainers.
- Read access to Registers via web page for everyone else.
- Hosted on your own nominated domain name.
- 12 months license.

Support for Enterprise Features

This includes the following:

- Email support for agreed users
- Emergency telephone support for 1 nominated user
- Monthly reviews and check-ins

Onboarding Activities

In order to get set up with Registers.app a range of onboarding activities are needed including:

- One-off tenant provisioning
- Importing and migrating of existing Registers and data
- Custom branding (if required)
- Setting up of nominated accounts, domain name delegation and hosting

Training for In-house maintainers

In order to enable your users and maintainers to use Registers.app confidently we will provide initial training. This can be provided on site or virtually based on your needs and preferences.

Custom Feature Development

Based on your requirements and specifications, we can develop custom features to suit your needs. This may include:

- Development of bespoke team workflows
- Custom integration with your operational systems
- Bespoke metadata management and displays
- Bespoke notifications
- Custom UI enhancements

Our price matrix includes 1 month of customisation time, however this can be extended based on your needs.
