

Hive – Commercial Credit Checks

Charging method

Pricing is based on the number of credits purchased within each call off contract. All prices exclude VAT.

Each credit covers the cost of accessing the credit report of a given business and monitoring the business for changes in their circumstances for a contractual year, meaning that you can look at the credit report of a customer every month or every week and only be charged one credit!

Banded pricing is sold in increments or “bundles” of 500. Pay-as-you-go pricing is available at the stated PAYG band. PAYG usage is invoiced monthly on 30-day payment terms.

Band	Number of Credits	Price Per Credit

Recommendations and Notes

HIVE works great with our Apply4.Online® Business Forms service. When a limited company fills in an online form in Apply4.Online®, Hive can automatically credit check the business to highlight compliance risks and add the business to a portfolio for monitoring.
