21. PROFESSIONAL WORKING DAY

21.1 DBaaS Ltd Personnel and Contractors ("Consultants") work a professional working day. They do not use flex clocks or record time by the hour. Emphasis is on delivery, not attendance. This does not mean long hours are usual practice: on average, staff can expect to work a 40–45-hour week (minimum 37.5hrs Mon–Fri 09:00hrs–17:00hrs unless agreed with Client), and project estimates are made on that basis.

21.2 DBaaS Ltd and Client will work hours needed to get work done. From time to time, this will mean long hours for the team, but there will also be occasions when pressure is off and people can, with Agreement of their Assignment Manager, work shorter hours. The flexible approach means Consultants from a distance can arrive later on Monday and leave earlier on Friday, by local arrangement, provided they are meeting responsibilities to deliver.

21.3 In exceptional circumstances where Consultants need to put in significant extra effort to meet deliveries, the following conditions apply:

21.3.1 Any such work must be authorized as paid time off in lieu as compensation for significant extra effort, provided agreed in advance.

21.3.2 Resource Management can authorize paid time off in lieu as compensation for significant extra effort, provided agreed in advance.

21.3.3 The Consultant should record time in lieu as days or half-days on timesheet, marking entries to show they are for time in lieu. The Assignment Manager will initial these entries to confirm authorization.

21.4 If work at weekend or on public holiday has been authorized but it is not practical to grant time in lieu, time may be recorded on timesheet and will be paid at the agreed rate per day.

22. GENERAL PROVISIONS

22.1 This Agreement's terms represent the entire agreement between parties and supersede any previous contractual documents, representations, or agreements whether written or otherwise.

22.2 Should either party fail or delay to exercise any right or remedy under this Agreement, it will not waive that right or remedy or further exercise of that right or remedy, or exercise of any other right or remedy against the other party.

22.3 If any restriction or provision of this Agreement is declared by any Court to be unenforceable, such part shall be severed and the remaining parts shall remain in full force and effect.

22.4 The Agreement may be suspended or terminated forthwith if either party is unable to commence, continue, or completely perform obligations hereunder by reason of force majeure (Clause 19), provided notice is promptly given to the other party stating the event relied upon.

22.5 No variation of terms shall be valid unless in writing and signed by both a Director or legal representative of the Client and a Director or legal representative of the Supplier.

22.6 Except as specifically provided herein, this Agreement does not create any right or benefit enforceable by any third party.

22.7 The Supplier warrants that any Personnel (including substitute Personnel) supplied under this Agreement have entitlement to live and work in the United Kingdom or such country in which Project Services are performed, and shall produce proof upon Client's reasonable request.

22.8 This Agreement shall be governed and construed in accordance with English Law. Both parties agree that the Courts of England and Wales have exclusive jurisdiction to settle disputes arising in connection with this Agreement.
