

G Cloud Pricing

£6 – £10 per user, per month, Ex VAT

Pricing is based on number of individual users per month. This means a named user account present during the billing period.

Pricing excludes VAT.

Pricing includes access to mobile application and web system, hosting, business hours support, software updates and ongoing maintenance.

Minimum number of users: 100

Below 1000 users £10

Above 1000 users £6

Additional Services

Onboarding / Config.

We offer **free of charge onboarding**, up to 30 calendar days resourcing (excluding custom development). Additional resource is available at standard day rate – £750 ex VAT.

Training

SafeTeam includes excellent online training, **as standard**, with outstanding compliance results, for both users and managers. In the unlikely event you need further or specialised training beyond our standard offer, we can provide this at £550 ex VAT per person day, although this will probably not be necessary

Bespoke Development

Custom development for integrations or special requirements is available at £750 ex VAT per day
