

Pricing Document

G-Cloud 15 – Lot 2b

Atlantic Data – Digital Identity (IDSP) Services

Option A: Buyer-Procured SaaS Service

1. Pricing Overview

This pricing applies to the Atlantic Data – Digital Identity (IDSP) Services offered under Lot 2b (Software as a Service) of the G-Cloud 15 Framework.

The service provides a standalone, buyer-procured Digital Identity verification capability, which may be used independently or alongside other services. Buyers procure access to the Supplier's SaaS platform and associated verification services as described in the service listing.

2. Pricing Model

The service is offered using a catalogue pricing model with a single unit price.

Pricing is provided on a per-verification basis and is all-inclusive for Supplier-provided services within the scope of the Digital Identity service. The Buyer is responsible for Supplier charges under the Call-Off Contract.

3. Framework Price

Catalogue Unit Price:

£5.00 per Digital Identity verification

This represents the maximum Framework Price for the Supplier-provided service elements.

4. What the Price Includes

The Framework Price includes:

- Access to the cloud-hosted SaaS platform supporting Digital Identity verification
- Identity verification processing in line with UKDIATF / IDSP requirements
- Document and biometric verification capabilities
- Fraud and identity risk assessment within the service scope
- Secure handling and presentation of verification outcomes
- Ongoing platform maintenance, updates, and enhancements
- Standard support and service management
- Reporting, management information, and audit support
- Security, data protection, and compliance controls supporting UK GDPR and identity standards

5. What the Price Does Not Include

- Optional services offered under separate G-Cloud listings
- Bespoke development or non-standard services
- Services outside the scope of Lot 2b

6. Third-Party Services

The Digital Identity service is provided as a fully managed Supplier service. Buyers are not required to contract separately with third-party verification providers, and no third-party verification fees are passed through to the Buyer.

7. Framework Pricing Statement

Pricing is provided as a maximum Framework Price, in line with the G-Cloud Framework. Buyers may agree lower prices at call-off where permitted by the Framework.

8. VAT

All prices are stated exclusive of VAT. VAT will be charged at the prevailing rate where applicable.

9. Call-Off and Invoicing

Charges applicable to a Call-Off Contract, including any agreed lower prices, are confirmed in the Call-Off Order Form. The G-Cloud Framework Agreement and Call-Off Contract take precedence in the event of any inconsistency.
