

2iC Consulting for MOD open standard Lean Services Architecture (LSA)

2iC resource can be provided, subject to availability, using the following rate card based on an 8-hour day.

Level	Daily rate
Principal (director, consultant or lead architect)	£1,600
Architect	£1,320
Project/ Delivery Manager	£1,280
Senior Developer / Engineer	£1,280
Junior Developer / Engineer	£960

To give the customer flexibility and to allow 2iC to engage the most suitable person each time 2iC can offer a blended rate of **£1,320** per day for remote working with occasional work on-site. The T&S for occasional on-site travel is included in the rate.

Travel and subsistence

Onsite is considered anywhere in the south of England in the area with Hereford to the west and North, London to the East and the coast to the South. Any travel outside that area or that requires overnight accommodation will have additional costs which would be charged at cost with prior agreement.

Important Note:

1. All rates are in GBP and exclude VAT.
2. These rates assume remote working, work on customer site can agreed in advance with travel charged at cost.
