

Rubrik Cloud Security Solution

Rubrik offer simple and affordable packages to help you modernize your cloud data management needs with peace of mind.

Depending upon your organisation's specific requirements, COOLSPIRiT will help you select, configure and deploy the correct features and configuration for your environment. Various bundles and packages are available to suit your business requirements and budget.

It is recommended that you contact COOLSPIRiT for accurate pricing based on your specific project. The solutions begin with the below pricing, but as we understand your requirements further and which options you require, a bespoke quote will be created for your organisation.
