

HPE GreenLake Flex Solutions & Tech Care Services

HPE GreenLake offers simple and affordable packages to help you modernize your cloud data and infrastructure management needs with peace of mind.

Depending upon your organisation's specific requirements, COOLSPIRiT will help you select, configure and deploy the correct features and configuration for your environment. Various bundles and packages are available to suit your business requirements and budget.

This solution starts from £0.10 a gigabyte a month, however it is recommended that you contact COOLSPIRiT for accurate pricing based on your specific project.
