

marketlocation G-Cloud 15 Pricing

This is the Pricing Schedule for the Market Location product:

Market Location Database - UK Business Data

When you select the **Market Location Database (MLDB)** you will be licenced with the Market Location master UK Business database of business names, telephone numbers, addresses. The Database is owned by Market Location, and the source of the data is by contact acquisition through the calling activities of our Call Centre. Comprising of all the actively trading businesses in the UK and widely recognised as the most up to date and accurate telephone researched database. Whether they are accountants, website designers, restaurants or multi-national head offices, we've spoken to them directly and confirmed their contact details and explained the purposes for holding their information.

For this G-Cloud Product the following charges per thousand records will apply:

Charges – Licensed UK Business Data

Provision of Licensed Database Multiple Usage for 12 months excluding email address	£130,000
Provision of Licensed Database Multiple Usage for 12 months including email address	£160,000
