Archibus Integrated Workplace and Facilities Management Solution

G Cloud 15 Pricing

Archibus Pricing – Software as a Service

Archibus is offered as a fully managed service, payable via an annual subscription. This includes provision of software, maintenance & support and hosting.

Annual subscription costs are determined by the modules subscribed to and the number of users required and the level of hosting required.

Additional modules and user licenses may be procured at a later date. Any additional annual subscription costs will be co-termed with the anniversary of the existing subscription in place.

Consultancy time as priced at a standard day rate. Example implementation costs are given below as a guide. Additional consultancy days may be purchased also if required at the given day rate.

Pricing is given below for Archibus, with the rows grouped into categories and prices shown according to the number of users required.

All prices are exclusive of VAT.

Individual Applications – Developed by SWG

Item	Units	Initial Fee	Brief Description	Price
SFG20 Integration	Application	£1,256	The SFG20 API integration connects Archibus with Facilities IQ to align asset data with SFG20 regimes, synchronise schedules, generate work orders, and manage updates across the asset lifecycle.	£5,466
Permits to Work	Application	£1,256	The SWG Permits To Work add-on for Archibus automates permit creation and management within Maintenance, assigning required permits to work requests, enforcing safety controls (e.g., blocking work start until sign-off), and providing mobile access and reporting for active and archived permits.	£5,466
Asbestos Management	Application	£1,256	This is a specialist solution developed by SWG to meet UK asbestos management requirements. It is built around HSG264 and HSG227 guidance and provides tools to manage asbestos records, surveys, risk scoring, reporting, and integration with maintenance workflows.	£5,466

Consultancy

SWG provide consultancy services to include all aspects of project management, implementation and installation services, domain expert consultancy, data management and software configuration/customisation.

Rate Type	What's Included & Further Notes	Day Rate
Standard Daily Rate	• Single rate for all types of consultancy including project management • Between the hours of 09:00 – 17:30 UK time • Excludes bank holidays (England & Wales) and weekends	**£1,200**
Out of Hours Rate	• By prior agreement between customer and SWG team • Where work is required and agreed to take place out of hours or on bank holidays (England & Wales) and weekends	**£2,400**

Implementation Services – On-Site Delivery

SWG offer on-site delivery of professional services where specifically required or appropriate. SWG will recharge reasonable expenses for travel, accommodation and subsistence. Travel time is charged at 50% of the standard daily rate. A full copy of our expenses copy can be provided on request.

Support & Maintenance

SWG offer an enhanced support & maintenance service for Archibus, including the option to upgrade to the latest available version once per year. Pricing is calculated depending on the size and complexity of the software package, but a guide to pricing is shown below. Our support service includes:

- Access to dedicated client portal to log and manage cases
- UK based support team available to answer queries and provide support, between the hours of 08:30 and 18:00 UK time, Monday to Friday, excluding England & Wales public holidays
- Managed upgrade service, working alongside customer team to install, deliver and test

Support Level	What's Included & Further Notes	Annual Fee
Silver	• For smaller software packages and/or lower complexity	**£19,800**
Gold	• For software packages of medium size/complexity	**£28,700**
Platinum	• For larger or more complex software packages	**£37,600**

Training

SWG offers a range of training courses to meet the needs of users which are typically between 0.5 and 2 day courses. This is provided on a time and materials basis at the rates shown above to include preparation, delivery and follow up. Training can be delivered remotely, at SWG's London office, or on site at the customer's premises.

Bespoke training can also be arranged to suit specific customer requirements. Pricing for this will depend on requirements, charged at the rates shown above.

Further Notes on Pricing

Enterprise level deals & time limited discounts may be available. These will be transacted in accordance with CCS rules.

Individual prices may increase during the contract as per CCS guidelines at call-off level, where reviews have been agreed by both parties prior to the contract award.
