

Caura Vehicle Management G-Cloud Lot 2b: Software as a Service (SaaS)

JANUARY 2026

Licence cost

- ▶ Customers are charged according to the number of vehicles / drivers set up and managed from the Master Dashboard. The charge is levied via the Master Dashboard and is £10 per vehicle per month which includes max 3 drivers per vehicle. Additional drivers can be added to a vehicle at a cost of £3 per vehicle per month.
- ▶ The Master Dashboard maintains an automatic record of how many vehicles/drivers and the charge is triggered automatically via the Master Dashboard
- ▶ The Caura Driver App is available free of charge. The Driver App is free for any number of vehicles
- ▶ The Caura Master Dashboard can be downloaded from the web free of charge. Instructions for setting up the Master Dashboard are available, including linkage with the Caura Driver App

Other charges

- ▶ Where customers require support for the implementation of the Master Dashboard, we can provide resources chargeable at daily rates. The Skills for the Information Age (SFIA) rate-card can be found in this document
- ▶ Further support, such as for integration of Caura with the customer's central payments system, will also be charged according to the SFIA rate card
- ▶ Payments for MOTs, City Charges, Tolls, Road Taxes, insurance, etc. are wholly the responsibility of the customer and are not included in the charges levied by Caura
