for Teachers

The online platform allows increased monitoring across different cohorts and year groups on key indicators such as attainment, attendance, age-related expected progress, pupil premium expenditure and accountability.

- Monitor and input attendance and live data.
- Track attainment against national age-related expectations.
- Use ePEP SMART targets for pupil premium accountability.
- Focused and accurate data from the virtual dashboard.
- Organise PEP meetings much more efficiently.
- Easily contact or find out other professionals associated with a child.
- Online accessibility with single platform login.
- Use the timeline to go back and find previous PEPs.

for Young People

The online electronic PEP actively encourages young people to participate in entering information into a computer with support from a range of animated virtual characters.

- Use the interactive area to fill in their section.
- Be more connected with professionals.
- View their calendar of events.
- Use Squiddle to store their documents.
- View photos from professionals.
- Customise Squiddle to make it unique to them.
- Get rewarded for completing their section.
- Safe and secure data storage for life.

for Administrators

A vital national platform for local authorities to help them meet their statutory and corporate parent responsibilities.

- Tailored to meet needs of Virtual School.
- Pull live reports and data quickly.
- Customise questions for year group.
- Monitor pupil premium expenditure.
- PEP quality assurance and completion.
- Find key data for any child.
- Communicate with other professionals.
- Import and export Core data.

for Social Workers

Quick and easy for social workers to complete their mandatory section prior to the PEP meeting.

- Engage social workers in the process.
- Help meet statutory requirements.
- Alerts and helpful reminders.
- Attach important documents like EHC plans and exam results.
- Connects social care and education databases together.

...and Carers

Provides the carer with a voice to support the child and fully involves them within the PEP process.

- Help carers support the child.
- Be more involved in the PEP process.
- RAG ratings help carers understand schools attainment levels.
- Attendance alerts.
- Life story work creation.
- Store SDQ scores with the child's PEP.

The most trusted Virtual School Dashboard

To read user reviews and testimonials from many of the satisfied councils and schools we are already working with please visit: www.epep.tv

"The progression our authority has experienced with ePEP has been excellent. Progressing to an electronic based PEP system was stress-free and has been met with very positive feedback from professionals." - Hull County Council

The online approach has proven to be extremely successful with local authorities who have embraced the technology and customised ePEP to fit to their own individual requirements. Over the past 14 years we have listened closely and worked with many virtual schools to ensure ePEP is user-friendly and intuitive for all parties involved in the PEP process. See feature list below.
