The Evolution Exchange: NHS

Introducing our NHS Sector - leading content offering: 'Evolution Exchange'. It showcases digital and technology leaders across the NHS and offers a platform to discuss and share their views on some of the leading-edge work they have been delivering across their trusts, organisations and ICSs.

Trust specific - so you can share the specific opportunities, projects and challenges you are facing

Increased digital engagement - you receive the recording to share across your trust, enabling all staff to understand the digital goals

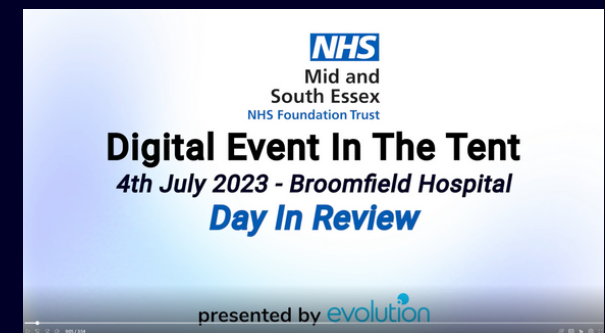

Sharing best practice - celebrate the good work happening within your organisation and inspire others

Rise above the competition - in a competitive landscape for digital professionals, our content-driven strategy empowers you to distinguish yourself from the competition.

Outcomes: Wrapped Service Process

Benefits Realisation and Optimisation

Benefits Realisation and Optimisation

An Outcomes Service Model

We work with organisations to release the benefits and maximise the potential of their cloud technology investments and solutions. Evolution brings industry leading benefit models and tracking tools to optimise the capability of a wide range of clinical, operational, integration technology solutions.

Benefits Realisation and Optimisation Features

Effective programme & project governance with robust benefits realisation plans
Life-cycle methodology & tools to support identification, validation and delivery
Active management of benefits from Business Case to programme closure
Development of benefits portfolio to support digital strategy road map
Detailed benefits identification, validation, dependency mapping & planning
Tracking dashboard representation of trajectory, timescales & outcomes
Integration with industry standard scheduling tools
Structured methodology for tracking and monitoring work package delivery
Identifies opportunities to maximise cloud and hybrid-cloud solutions
Considers opportunities across technology, people and processes and environmental impact

Benefits Realisation and Optimisation Benefits

- ➡ Effective benefits planning ensures appropriate tracking, control and evaluation
- ➡ Organisation-wide confidence in the validity of benefits from investments
- ➡ Opportunity to track and optimise benefits on an emergent basis
- ➡ Clarity of dependencies and measures to ensure benefits delivery
- ➡ Independent assurance and evidence-driven approach to benefits realisation plans
- ➡ Increased stakeholder and executive level confidence
- ➡ Targeted resource allocation across enterprise-wide project portfolio
- ➡ Rapid issue resolution and performance recovery
- ➡ Access to expert advice to maximise impact of digital technologies
- ➡ Assurance throughout the digital transformation project lifecycle
