The Evolution Exchange: NHS

Introducing our NHS Sector - leading content offering: 'Evolution Exchange'. It showcases digital and technology leaders across the NHS and offers a platform to discuss and share their views on some of the leading-edge work they have been delivering across their trusts, organisations and ICSs.

Trust specific - so you can share the specific opportunities, projects and challenges you are facing

Increased digital engagement - you receive the recording to share across your trust, enabling all staff to understand the digital goals

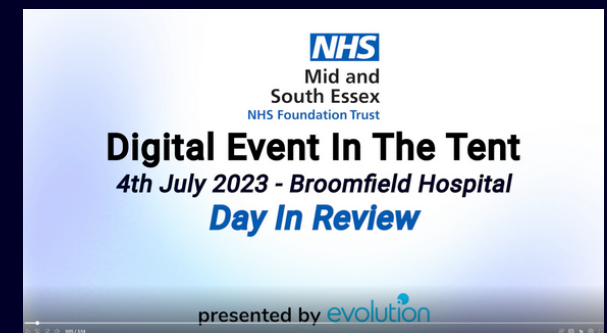

Sharing best practice - celebrate the good work happening within your organisation and inspire others

Rise above the competition - in a competitive landscape for digital professionals, our content-driven strategy empowers you to distinguish yourself from the competition.

Guidance and Problem Solving

Guidance and Problem Solving

An Outcomes Service Model

Evolution's guidance and problem-solving services are designed to support all aspects of your cloud, hybrid-cloud and locally hosted systems and services integration and transformation journey. We provide access to senior consultants and cloud technology experts to provide rapid analysis, assessment, development of problem-solving solutions and ongoing advice, guidance and mentoring.

Guidance and Problem Solving Features

Rapid and transparent analysis of problems of any scale
Problem-solving solution options and options appraisal
Structured capability, capacity and maturity assessments enabling successful cloud deployment
Organisation readiness assessments for the implementation of cloud-based services
Target architecture and operating models for cloud and hybrid-cloud digital services
Impact assessments focused on people, economic, workforce and environmental factors
Collaborating with and guiding customer teams to ensure successful deployment
CIO advisory service provides direct access to cloud technology experts
Support for the selection of innovative cloud-based solutions and guiding the assessment and rapid implementation of these technologies.

Guidance and Problem Solving Benefits

- ➡ Rapid deployment of experts to focus on targeted priorities
- ➡ Transparent problem analysis and speedy options evaluation
- ➡ Robust and innovative approach to problem evaluation and resolution
- ➡ Evidence-driven framework for capacity, capability and maturity assessments
- ➡ Comprehensive assessment of success factors
- ➡ Benefits structured around people, economic, workforce and environment impact factors
- ➡ Knowledge transfer to customer teams and ongoing access to advisors
- ➡ Structured assessment and selection of innovative technology to maximise impact
- ➡ Flexible and tailored access to technical expertise to support digital programmes
