The Evolution Exchange: NHS

Introducing our NHS Sector - leading content offering: 'Evolution Exchange'. It showcases digital and technology leaders across the NHS and offers a platform to discuss and share their views on some of the leading-edge work they have been delivering across their trusts, organisations and ICSs.

Trust specific - so you can share the specific opportunities, projects and challenges you are facing

Increased digital engagement - you receive the recording to share across your trust, enabling all staff to understand the digital goals

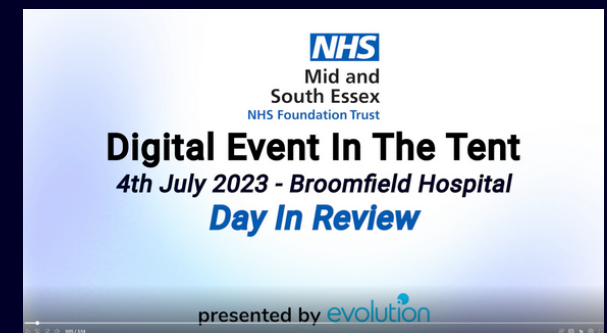

Sharing best practice - celebrate the good work happening within your organisation and inspire others

Rise above the competition - in a competitive landscape for digital professionals, our content-driven strategy empowers you to distinguish yourself from the competition.

Outcomes

Our Managed Service Solution

Introducing 'Outcomes', Evolution NHS's highly configurable managed service solution for digital projects.

It is the go-to solution for NHS organisations looking for cost effective individually scoped digital transformation solutions where Evolution take the responsibility for the successful delivery.

Evolution's expertise is with the Implementation and the Optimisation & Realisation of Benefits phases of digital projects.

Our milestone-based agreement aligns our support and services with your project requirements and provides a payment model which can only be executed upon successful completion of check points throughout a project.

Integration Services

Integration Services

An Outcomes Service Model

Evolution are industry leaders in supporting NHS and Public Sector organisations to integrate cloud-based software solutions technology systems within an organisation, across an Integrated Care System or on a National level. Our services support modern digital integration protocols such as FHIR, HL7 from strategy, planning, implementation to 'go-live'.

Integration Features

Design and build an integration approach and strategy
Supports end-to-end integration for EPR and clinical system deployments
Interface development and validation
In-depth knowledge of all major EPR clinical systems
Experience with healthcare standards - FHIR & HL7
Interface design and development
Supports major integration technologies; FSI, HIE, Mirth, Rhapsody & Ensemble
Integration project management services
Interface testing
Procurement of Integration services

Integration Benefits

- ➡ Outcome-led service model measured against successful deliverables
- ➡ Supports integration ownership across the organisation
- ➡ Service model supports organisation that maximises value for money
- ➡ An healthcare experienced team to reduce costs and maximises success
- ➡ Can be delivered as a fixed price package or individual workstreams
- ➡ De-risks the integration process
- ➡ Maximise clinical buy-in to data integration

Evolution NHS: helping NHS organisations successfully deliver their digital transformation projects
