ACCREDITATIONS

We are pleased to inform you of the below Accreditations and Certifications:

**Cyber
Essentials
Plus Certified**

We protect ourselves from common online security threats.

**ASP Data
Supplier**

"This product is based upon the same data that underlies DfE's Analyse School Performance (ASP) service. Access has been granted following satisfaction of the security and usage criteria set out in DfE's ASP Accreditation Route".

**ISO 27001
Certified**

We are ISO 27001 certified. Our annual audit is conducted by the British Assessment Bureau.

**IT Health
Check**

Several internal and external penetration tests. We had a certified external service provider perform a check on all of our applications and infrastructure to identify risk. We passed with flying colours.

**QG GDPR
Certified**

Our organisation was assessed and certified as meeting the QG-GDPR Management Standards.

We have various accreditations and checks performed to ensure we meet all legislation and security measures within our company and across our systems and software. All data is stored and process in the UK in our SSL website which is ISO 27001 certified, Cyber Essentials Certified, QG GDPR Certified software. ASSET undergoes yearly IT Health Check's (ITHC).
