Users (no minimum)	Free of charge

* Per month charges are for any part of a single calendar month.

We invoice for services delivered and expenses incurred in any given month by the end of that month. The invoice will include a breakdown of current licences and how recently those licences have been used, information surrounding hosting charges, and any project management or other tasks that fall outside any pre-arranged monthly retainer.

Advanced Features and AI	Service Price
Email threading	Free of charge
Textual near duplicate identification	Free of charge
Full analytics (including active learning)	Free of charge
Foreign language machine translation	Free of charge
Native Excel redaction, batch redactions for PII and other advanced redaction features	Free of charge
Everlaw AI Assistant	£0.03 per credit
Everlaw AI Deep Dive	£12.00 per GB

We offer a discount of 5% for educational organisations.
