Organisations receive the **off-the-shelf mentoring content and programme resources** to add to their learning platform.

- **Mentoring programme content pack**
Structured mentoring content designed to support guided, effective mentoring conversations.
- **Mentor packs**
Conversation prompts, coaching questions and activity guides for mentors.
- **Mentee resources**
Reflection tools and pre- and post-session actions to support learner development.
- **Action, experiment and question cards**
Practical resources to reinforce behaviours between mentoring sessions.
- **Modular, scalable content**
Content designed for flexible delivery within third-party learning platforms.
- **Customer-managed mentoring workflows**
Matching, scheduling and relationship management are handled using the customer's own tools or systems.
- **Optional programme support**
Optional services may include onboarding sessions or mentor enablement support.

Available discounts apply to the above costs, and can be found in the Pricing section of the G-Cloud Service Page.
