Microbiological Reporting System Version 3

WJP Software Limited

1. Introduction

This is the 2026 pricing guide for Microbiological Reporting System (MRS) version 3 and associated requirements. This document should be used as a basis for costs and in consultation with WJPS, so that we can explain and cost your specific requirements.

All prices exclude VAT.

2. New Installation

A new install is classed as a user who is not currently using the system.

2.1 Software

This is to the software provided by WJPS. Each licence relates to per machine. This is for the in-laboratory software (client software) and local MS SQL setup.

2.5 Hardware

There are two pieces of hardware required. Every computer that uses MRS software should have both a barcode scanner and label printer.

Product	Description	Price per unit
Barcode Scanner	Barcode Scanner (HD)	£ 275 approx.
Label Printer	Brother Label Printer (Direct with Network and USB)	£ 355 approx.
Label Printer	Brother Label Printer (Direct Thermal Network and USB) - Good for a chemistry environment	£ 375 approx.
Price confirmed on application.		

3. Upgrade

If you are already using a previous version of MRS, all licenses and support can carry across to the latest software version. A fee would apply for installing the system, and providing training on the new version.

Product	Description	Price per unit
Upgrade	Latest version of MRS software installed for existing customers.	£ 2960

4. Cloud Hosting

Cloud hosting is where the web reporting is hosted by WJPS through their third party hosting provider. Our hosting provider is Redcentric Ltd who are a registered N3/HSCN provider based in Harrogate, North Yorkshire. The server could access the N3/HSCN and would connect to your in-house data server where input data would be held. The data stored would relate to the web interface only, and provide a read-only pass throw to your server for room reporting data.

This is also a good solution if your Trust cannot provide the web interface for non NHS customers.

Product (Annual Fee)	Description	Price per unit
Cloud Hosting Small	Internal Unit Access Only	£ 2400
Cloud Hosting Medium	<10 Hospitals	£ 4780
Cloud Hosting Large	10+ Hospitals	£ 7160

NB: Cloud Hosting Per Customer Per Annum can be quoted for on request

5. Quote and Pricing Increases
