Bubble PPM

One-time system configuration cost

Bubble have a simple, proven and clear approach to deployments. You pay a one-time configuration cost, followed by user license fees for the duration of your contract.

You only pay more if you increase your user numbers* or wish to add optional training / integrations / project type templates / hypercare** at a later date.

One-time fixed SaaS set up cost

£15,000

Includes

All elements of Project Type templates, Reports & Dashboards, Managed Setup & Migration, Testing, Training and Ongoing Support. Specifically:

- Configuration of Bubble PPM software to reflect up to 3x master Project Type templates
- Deployment of the customer instance
- Setting up of customer data structure
- System validation
- Basic user training for up to 50 users** (See below for additional training)
- Support for initial population of in-flight projects and data
- 3 months hypercare to optimise the system and take advantage of all functionality

Does not include

- Bespoke module development (Non-standard system customizations requiring new code)
- Travel and expenses incurred as part of the set up (Agreed in advance and added at cost)
- System integrations** covered by our Lot 3 Cloud Support Package (e.g. Integrations with 3rd party applications)
- Optional cloud services covered by our Lot 3 Cloud Support Packages** (e.g. new starters/advanced training etc)

* More users can be added to instances as required. See User Type illustration below.

** See note on following page with regards to optional cloud support services provided through G15 Lot 3 Cloud Support Services.

Bubble PPM

Ongoing monthly user costs

Monthly user costs

From £2,400 per month

User license fees begin from the deployment Kick-off call and are charged monthly. Standard monthly pricing of £2,400 is inclusive of **50 Full Access** users (or any mix of user types, adding up to the fee threshold above). Our simple per-user pricing structure (right) allows system owners and administrators to plan and scale their user numbers according to changing organisational / project needs*.

FULL USER Functionality : Portfolio Project Home	TEAM USER Functionality : Project Home	LIMITED USER Functionality : Home
£48 user per month	£35 user per month	£15 user per month
User types: Project & Portfolio Managers System Administrators Senior Leaders	User types: Project delivery teams	User types: Basic project task delivery
NOTE: When less than 50 full users, minimum monthly license fees (£2,400) apply		

User types & permissions

Each instance of Bubble PPM has 3 levels of user type, each with a distinct set of permissions and associated costs. The user types, and respective high-level capabilities, can be seen in the table opposite.

Individuals are assigned a user type when they first join the platform, but this can easily be changed or re-configured by system administrators, as required.

	= AVAILABLE AS A CONFIGURABLE PERMISSION FOR USER TYPE		
	FULL USER PORTFOLIO PROJECT HOME	TEAM USER PROJECT HOME	LIMITED USER HOME

ANY CONFIGURED PORTFOLIO MANAGEMENT MODULE PAGES & TABS	✓		

* See note on following page with regards to optional cloud support services provided through G15 (Lot 3 - Optional Bubble PPM Software Cloud Support Services).

Bubble PPM

Cost illustration

Pricing illustration

If your user base is under 50 users, Bubble charge a minimum monthly license fee of £2,400 (regardless of actual user numbers). This covers the following areas of service provision:

- Live user support desk, ticket resolution, user guides
- Personal account contact point (for key stakeholders)
- Regular product upgrades
- Cloud hosting & Data storage
- System security & back-ups
- Availability of all standard system modules

To assist with cost management, users can be de-activated, re-assigned, or increased at any time by system Administrators.

Year 1 investment (Based 50 users)

One-Time configuration fee:	£15,000
12x monthly user license fees:	£28,800
TOTAL	£43,800

Year 2 investment (Based on 50 users)

12x monthly user license fees:	£28,800
TOTAL	£28,800

Note: Optional cloud support services

A number of optional cloud support services are also available to users of the Bubble PPM platform. These can also be procured through the G-Cloud portal. Optional cloud support services include:

- **Additional user training package** (e.g. for new starters, or up-skill existing users)
- **Integrations package** (e.g. for connecting Bubble PPM to 3rd party platforms via API interface)
- **Addition of new project process templates package** (e.g. post deployment configuration activity)
- **Ongoing Hypercare** (e.g. Continuation of hypercare beyond period included within validation and testing)

For details, please see our G15 Lot 3 - Cloud Support listing. Search “Optional cloud support services - Bubble PPM Project Portfolio Management Software”
