ACS – Life - Digital Catering & Soft Facilities Management Solution

ACS Life is a modular solution that is used a number of different settings, and as such pricing is broken down as described in this section.

Service Description

ACS-Life is a comprehensive digital cloud based platform for managing catering services and soft FM operations across public and private operations—healthcare, education, prisons, hospitality, multi-site. Integrates menus, recipes, meal orders, cleaning, portering, EPOS, and cashless catering. ACS-Life boosts efficiency, strengthens compliance, improves visibility, and reduces costs.

MoJ

Pricing for MoJ settings is a fixed cost each establishment

Description	Each Prison Establishment
Year 1: One off Cost for Implementation & Installation Cost	£3,246
Year on Year License & Hosting Cost	£5,000
Optional Onsite Training Cost (Per day)	£1,250

The price described above has been mutually agreed with MoJ Procurements and it should be procured through MoJ Procurement process for all individual prisons. The service includes Dish Management, Menu Planning, Meal Ordering, Ingredients, Nutrition & Allergy Management. The costing is based on the assumptions that there is no customisation and the implementation assumed to be managed remotely from our High Wycombe HQ. There will be additional cost for data migration, onsite training and other potential items which are not listed within the service.

Hospitals NHS and Private Healthcare

Pricing for Hospitals settings is by size of hospitals based on their bed size

Description (For ACS -Life Core Modules)	Hospitals <300 beds	Hospitals <700 beds	Hospitals <1000 beds	Hospitals <1500 beds	Hospitals >1500 beds
License & Hosting Cost Includes Implementation Cost (Per Year)	£7,000	£10,000	£12,000	£14,000	£15,000
Support & Maintenance Cost (Per Year Cost)	£6,000	£9,000	£11,000	£13,000	£15,000

The price is based on the core modules allocated per hospitals. The core modules includes minimum services for Dish Management, Menu Planning, Meal Ordering, Ingredients, Nutrition & Allergy Management. The costing is based on the assumptions that there is no customisation and the implementation assumed to be managed remotely from our High Wycombe HQ. There will be additional cost for data migration, onsite training and other
