

Corrigo - Pricing

Pricing Model

Corrigo has flexible pricing depending on the industry of its clients. Pricing comes with unlimited users and can be structured per Door, per Work Order or per Sq.ft. Our minimum term is 12 months and minimum annual charges of £1000 GBP. Deployment of the instance will vary depending on the complexity of an existing system (if any) and structure. The pricing includes all the Corrigo modules with unlimited users. There are no additional charges for the accompanying mobile apps or software upgrades.

Pricing Notes:

All prices exclude VAT and are subject to the Terms document provided.

Project implementation time may include project management, solution design, solution, build, deployment, data migration, testing and training. As each project and set of requirements is unique, we will work with you to create and agree a Statement of Work (SoW) and implementation proposal with associated costs.
