

CEMBooks

Pricing Summary

CEMBooks is a service as software product available through web app and mobile application. It is a productivity tool that supports the operational needs of acute care systems. There is an active API for the integration of operational system data to CEMBooks.

CEMBooks is currently available at 2 price points. **The single site licence is generally reserved for pilots or trial periods, with the agreement to migrate to a multi site/ full Trust licence once completed.**

1. Single site licence - 1 department within one Trust/organisation. This can cover >1 geographical site if split site service and can cover the sub-units within it. For example, a Paediatric or Minors injuries unit within an Emergency Department. This licence allows for a maximum 2 levels within an Organisational Structure - Parent and Child. Included in the licences is an unlimited number of users and resources. Initial remote set up, support and maintenance included within that as described below. Annual price rises in line with CPI.
£25,000 + VAT/annum

2. Multi site licence - unlimited departments within one Trust/organisation. Can cover >1 Geographical site. Unlimited users and resource documents. Initial remote set up, support and maintenance included within that as described below. Annual price rises in line with CPI **£100,000+VAT/annum**

Network wide access (enterprise) for whole regions can be discussed on an individual basis.

A 5% discount is available for multi-year contracts and multi organisation contracts.

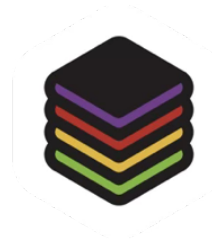

Registered users have free access to the CEMBooks app available free to download from the App Store and Google Play store.

Data that is current and active on the CEMBooks site can be exported as required at no cost by the local Organisational Administrator. Archived data or departments will remain accessible via the CEMBooks team for up to 10 years but retrieval will incur a cost of £250/request.

Virtual implementation is included in the cost and an implementation pack will be provided to the named local Organisational Administrator.

On site support and training may be requested and this will be charged at our current man-day rate of £700 plus travel expenses.

CEMBooks

The Return On Investment calculator has shown an inflection point at only x3 months for when using the CEMBooks full site licence. More details can be provided on request.
