PRICING DOCUMENT

BRUHATI SOLUTIONS LTD

Introduction

Bruhati Solutions Ltd is a well-established UK IT consultancy with major clients across industries in the public and private sector. We have led the Architecture & Design on the UK Government led programme for the Smart Metering implementation which is the largest known Infrastructure programme in the UK. Under current & previous G-Cloud frameworks we provide services to the UK Government & Public Sector.

We have worked directly on Digital Transformation programmes for several customers across industries in the UK and Europe where we have applied an assured cloud delivery approach when developing their most complex cloud solutions. We work with clients to help assess readiness, design, build, deliver, test and to take advantage of cloud solutions. Bruhati are Premier Software AG partners and have extensive experience with deploying Software AG Cloud applications.

Pricing Models

With our extensive Public sector experience we understand that no department is the same so we can be flexible with our solutions on request. Please see guideline pricing in the tables below for Software AG Cloud applications.

Pricing is in GBP and exclude VAT.

A full list of all included capabilities for each application is available on request.
