# CyINTer Service Pricing

---

CyINTer service and its features has different pricing mechanisms, these are:

1. Per-assessment (or per-unit) price.
2. Subscription price (multiple assessment/units).
3. Customised price based on bespoke needs.

All prices exclude VAT.

Key considerations:

- Access to the service assumes single user for any service offering, unless specifically agreed as part of the customised price.
- A single "unit", which most service features are based around, is a single "assessment" performed against organisation system.

# Per-Assessment Price

The following table highlights the pricing available for the three subscription tiers.

|                             | Bronze                                                                                                                                                                                                                                                                                                                      | Silver                                                                                                                                                                                                                                | Gold                                                                                                                                                                                                                                                                                                |
