

HR software built for the way real teams manage HR, time, and everything in between.

The image shows a woman with glasses smiling while using a tablet. The background is a screenshot of the G-Cloud HR software dashboard. The dashboard features a top navigation bar with links for Evaluations, Performance, Reports, Company Tools, and Admin. A welcome message for Gary Fleming is displayed. The main content area includes a Leave Summary section with a table showing entitlements and booked days, a Timeline Feed with a message from Gary Fleming, a Clock In/Out section showing the user is clocked out, and a Whos Off Today section with a search bar and a list of employees. A blue box with the text 'G-Cloud' is overlaid on the bottom right of the dashboard screenshot.

Service Overview

Evalu-8 HR is a cloud-based HR management platform that helps organisations run core people processes in one place. It replaces - spreadsheets, shared drives and disconnected tools - with structured workflows, clear ownership, and consistent reporting across sites and teams.

The service is modular, so buyers can choose the functionality they need, such as:

- Core HR employee records and HR administration
- Document management, templates and e-signatures
- HR forms and requests
- Training records and competence tracking
- Rota scheduling and shift management
- Time & Attendance, including clock in/out and approvals
- Mobile access for employees and managers
- Check-in / SOS (where required)
- Applicant Tracking System (ATS) for managing vacancies, candidates and hiring workflows

Security and data protection: Evalu-8 Software Ltd is ISO/IEC 27001:2022 certified by BSI (certificate IS 749382, valid to 20 December 2027). The service is hosted on Amazon Web Services with UK-based infrastructure and is designed to support GDPR-aligned data handling.
