

Genome QA

Pricing
G Cloud 15

Overview

FREE TRIAL

A free trial period of 3 months is available to ensure the suitability of the product.

PRICING CALCULATION

Genome Analytics follows a pricing model based on the number of audit types required and the size of the healthcare organisation measured in the number of hospital beds.

There are significant discounts for the organisations willing to participate in our partnership programme.

WHAT IS INCLUDED

- Software
- Onboarding support
- Unlimited number of users
- User support
- Software upgrades
- API
- Optimisation of the QA methodology

VAT

Prices represent an annual fee and are based on a two-year contract. All prices are exclusive of VAT.

ONBOARDING SUPPORT

- Configuration
- Customisation
- Deployment
- Training

For most healthcare settings, the whole onboarding process will take up to 7 working days. The First 7 days of onboarding support are free of charge. A fee for additional onboarding support is £800 per day excluding VAT.

Pricing

Genome QA

Number of audit types	Less than 200 hospital beds	201-400 hospital beds	More than 401 hospital beds
1-4	£4000	£6000	Price on application
5-8	£6000	£9000	
Over 8	Price on application	Price on application
