

Open Banking Pricing

TransUnion's open banking powered by Bud service is an end-to-end solution, including all elements required to support clients using open banking. There are two versions of the solution: API and API+ Dashboard.

API version

- API-enabled solution
- Customised customer connection journey
- API connectivity to supported UK banks
- Data categorisation, affordability and creditworthiness insight

Annual Volume Fees – price per check

API version	Volume									
Search Type	PAYG	0 - 10,000	10,000 - 25,000	25,000 - 50,000	50,000 - 100,000	100,000 - 250,000	250,000 - 500,000	500,000 - 1,000,000	1,000,000 - 2,000,000	2,000,000+
Open Banking Transaction	3.00	1.80	1.51	1.27	1.07	0.90	0.75	0.63	0.53	0.45

Pricing is based on an annual licence fee which covers a per transaction charge.
A transaction is counted as a successful retrieval of consumer bank statement data.
Minimum Spend - £15,000 per annum

API + Dashboard version

Same functionalities from the API version plus:

- Dashboard access for up to 15 agents
- Agent training
- Support following go-live

Annual Volume Fees – price per check
