

TruValidate – Document Verification and Facial Biometrics (DVFB) Pricing

Costs for DVFB solutions will depend upon which partner supplier will be providing the solution, and then the specific type of integration.

Our pricing will work in two different ways. One will be defined as a pay as you go transaction cost, charged at regular periods with a flat rate per transaction. The associated costs can vary with this option depending on:

- Solution elements – individual elements, such as just GIID capture or just liveness capture, each can have different individual costs per transaction
- Overage fees – in the event a customer has agreed the price per transactions up to a certain amount, overage fees can apply to usage over the agreed amount
- Transaction costs can vary based on variables required

Our other option is bulk pricing, which is a bespoke pricing arrangement based on predicted tiered usage volume commitment and duration.

Annual Volume Fees – price per check

Price per check	Volume									
Search Type	PAYG	0 - 10,000	10,000 - 25,000	25,000 - 50,000	50,000 - 100,000	100,000 - 250,000	250,000 - 500,000	500,000 - 1,000,000	1,000,000 - 2,000,000	2,000,000+
Document Verification & Facial Biometrics	3.00	2.87	1.94	1.63	1.42	1.28	1.07	0.94	0.65	0.59
Document Verification Only	2.50	2.30	1.55	1.30	1.14	1.02	0.86	0.75	0.52	0.47
Biometric Re-Authentication	0.10	0.09	0.09	0.09	0.09	0.09	0.07	0.50	0.30	0.30

Minimum annual usage applies to more complex configurations and is typically set at 12,000 minimum transactions per year

DVFB Professional Service Costs / Consultancy

£1,250 per day.

API Fees

Set-up and maintenance fees can vary depending on factors such as:

- Provider – one of our providers charges up to 15% of the contract value or £15,000 which would need to be taken into account when factoring costs
- Portal users – additional portal users may be subject to an additional fee beyond initial set-up costs
- Number of use cases – if a client has a higher number of journeys or use cases, they may be charged a higher maintenance fee

Maintenance fees are determined on a per contract basis and will never exceed more than 15% of the total contract value.

Notes

2-year discount	- 5%
3-year discount	- 10%
