INFuse DATA SOLUTIONS

ABOUT US

INFuse Data Solutions are a Data Analytics, Reporting and Business Intelligence Migration Consultancy based in Chester in the North-West of England. Our aim is to help you unlock your data's potential and achieve more for your business.

Microsoft Partner

WE ARE PROUD TO BE A MICROSOFT CLOUD PARTNER

OUR SERVICES

ANALYTICS & REPORTING

Delivering powerful insights into business operations to enable intelligence-led data-driven decisions.

DATA ENGINEERING

Designing and developing your data pipeline workloads into your Data Warehouse. Priming your data for analytics.

CONSULTING SERVICES

Architecture planning, process review, requirements and project management are all key considerations on your analytics modernisation journey.

MIGRATION SPECIALISTS

Experienced consultants in application data migration and migrations from IBM Cognos and SAP BusinessObjects to Power BI and Microsoft SQL Server.

DATA QUALITY AND DATA GOVERNANCE

In line with best practice Data Governance standards, we design solutions that are "black box" automated and auditable.

OUR PRINCIPLES

We aim to deliver business value quickly and often.
We are adaptive and welcome changing requirements.
We strive to deliver usable software frequently, working software is the primary measure of progress.
Communication is key, we will engage stakeholders and trustees and communicate frequently and clearly.

OUR APPROACH

AGILE

We map out user stories and deliver business value often (in 2-3 week sprints) using JEDU (Just Enough Design Upfront). We prioritise the delivery of business value early in customer engagements and ensure that the benefits of working with us are quickly realised.

INCLUSIVE

We believe in building long-term partnerships with our clients and making sure our teams work together in synergy. We don't have customers, we build partnerships. Your business is our business

COMMUNICATIVE

Rich communication is key to understanding requirements. We use modern technologies to communication and control development e.g. Slack, Asana & Microsoft Teams.

HONEST & TRANSPARENT

We are proud of being a company that stands by the advice it provides. We are people that genuinely enjoy coming to work every day and delivering great projects using the latest technology. We aim to build long standing relationships. Integrity is centre of everything we do.

WE OPERATE A DEDICATED SUPPORT HELPDESK DURING UK BUSINESS HOURS

OUR PEOPLE

Our highly skilled technical team, including MS Fabric, Power BI and Support Consultants and Senior Data Engineers, have 30+ years combined experience and are overseen by the management team. Meet The Team

CONNECT WITH US ON LINKEDIN

Please feel free to connect with us on LinkedIn to find out more, we would be happy to chat. Check out our Company Page here, where we publish a monthly business intelligence blog.

TECHNOLOGY

MICROSOFT FABRIC

Microsoft Fabric unifies Power BI, Azure Synapse Analytics, and Azure Data Factory into a single SaaS analytics platform, delivering seven purpose-built workloads across the full data lifecycle.

As an end-to-end solution, Fabric supports everything from data ingestion and engineering to real-time analytics, data science, and business intelligence - all seamlessly integrated within the Microsoft ecosystem.

Scalable and cost-efficient, Fabric adapts to your organisation's needs, allowing you to easily scale resources while maintaining performance and control.

WHAT IS INCLUDED AS PART OF THE MICROSOFT FABRIC STACK?

OUR CLIENTS

We are very proud to have a customer base of leading businesses with whom we have developed long lasting, supportive partnerships. We have experience in a range of sectors including Social Housing, Local Gov, Manufacturing and Retail. Here are some of the organisations we are currently working with, and those who have trusted us to deliver results in the past.

TESTIMONIALS

"We have been delighted with the advice and support INFuse have provided Sircle in building Power BI dashboards and a Microsoft Fabric database. The end-to-end process was managed excellently well, communication remained strong throughout as did the engagement
Anthony / Director at Sircle

"INFuse Data have helped us [Intamarque] to migrate all reporting to Power BI. The team go above and beyond to provide professional consultancy and support. They really get under the skin of the business and employees to understand where Power BI can be utilized to improve and streamline the efficiency of the business."
Charlotte / Operations Manager at Intamarque
