

## G-Cloud Lot 3: Cloud Support

### Service Definition: Tekwurx EasyVista Platform Implementation Service

#### Introduction

Tekwurx is a leader in IT Asset, Service, and Operations Management solutions, dedicated to empowering IT leaders with cutting-edge tools and expertise. Specialising in IT Asset Management (ITAM), IT Service Management (ITSM), and Operations Management, we help organisations maximise their return on investment (ROI) and ensure compliance with industry standards.

With a proven track record, Tekwurx delivers innovative solutions such as:

- **Complex migrations**, such as transitions from ServiceNow ITSM to EasyVista Service Manager and BMC to ServiceNow Discovery.
- **Critical integrations**, like bridging BMC Discovery with ServiceNow CMDB for seamless data flow.
- **Automated application modelling**, enabling rapid and efficient management of large-scale IT environments—such as modelling 633 micro-service applications in just five days using Tekwurx uControl automation.
- **Market-leading solutions** from EasyVista, BMC Helix and Lansweeper to a wide range of public and private organisations.

Tekwurx offers security-cleared (SC) resources, combined with industry-best practices from all major segments, including financial services, telecommunications, and retail.

### Service Overview: Tekwurx EasyVista Platform Implementation Service

Tekwurx is the ideal implementation partner for organisations facing tight deadlines that need to achieve rapid ROI while building a robust, fully integrated ITSM platform. Designed for efficiency and scalability, our proven service ensures a seamless migration process—allowing you to expand and integrate additional processes as your business evolves.

#### Service Features

1. Highly skilled, experienced, ITIL-certified ITSM implementation specialists
2. Broad and deep cross-sector market and regulatory knowledge
3. End-to-end architecture, planning, governance, implementation, training and BAU support
4. PRINCE2-certified project management ensuring controlled, predictable delivery
5. Structured delivery approach aligned to agreed scope, timelines and outcomes
6. Security-cleared consultants meeting government and enterprise compliance standards
7. Over twenty years of ITSM and service management expertise

8. Accelerated EasyVista configuration using proven templates and best practices
9. Seamless integration with existing enterprise tools and platforms
10. Structured knowledge transfer ensuring client self-sufficiency post-implementation

## Service Benefits

1. Reduced implementation costs through proven methodologies and reusable assets
2. Lower total cost of ownership across the platform lifecycle
3. Faster time-to-value and accelerated return on investment
4. Predictable project outcomes, reducing delivery risk and uncertainty
5. Cost-effective approach to project delivery and tool onboarding
6. Reduced onboarding time for administrators, agents, and end users
7. Improved service quality through consistent ITSM best practices
8. Scalable platform foundation supporting future growth and maturity
9. Enhanced stakeholder confidence through transparent governance and reporting
10. Increased internal capability through effective training and knowledge transfer

## Pricing

## About Tekwurx

Tekwurx is a leader in IT Asset, Service, and Operations Management solutions, dedicated to empowering IT leaders with cutting-edge tools and expertise. Specialising in IT Asset Management (ITAM), IT Service Management (ITSM), and Operations Management, we help organisations maximise their return on investment (ROI) and ensure compliance with industry standards.

Tekwurx covers all major vertical markets, including public sector, banking and financial services, telecommunications, retail, and business services.

**Tekwurx uControl** provides IT leaders with visibility, accuracy, and control across complex, hybrid, and cloud environments by combining automated service mapping with automated data reconciliation. uControl builds confidence in the completeness and correctness of your CMDB, enabling you to reduce the time and complexity of working with your asset data, data sources, and automated discovery tools to create a complete and correct service-based view of your IT landscape.

## Our Services

Tekwurx offers the following services to our customers:

- Implementation, architecture design, upgrade, and technical services for all partner cloud/SaaS products.
- Project Management using PRINCE 2 certified resources.

- Managed cloud-based IT Service Management service.
- Cloud migration readiness service
- Cloud BAU support service

## Our Partners

**EasyVista** ([www.easyvista.com](http://www.easyvista.com)) helps organisations harness the power of AI and data to transform IT into a strategic advantage. Their unified ITSM platform integrates service management, monitoring, automation, and remote support, empowering IT teams to simplify complexity, enhance security, and drive innovation.

**BMC Helix** ([www.helixops.ai](http://www.helixops.ai)) boasts decades of leadership in IT service and operations management. Through relentless R&D, organic growth, and strategic acquisitions, we deliver forward-looking solutions that maximise IT.

Tekwurx specialise in:

- BMC Helix Discovery
- BMC Atrium CMDB
- BMC Discovery Synchronisation for ServiceNow CMDB

**Lansweeper** ([Lansweeper.com](http://Lansweeper.com)) is an IT Asset Management platform that helps businesses better understand, manage, and protect their IT devices and networks. Lansweeper helps customers minimise risks and optimise their IT assets by providing actionable insights into their technology, offering trustworthy, valuable, and accurate information on the state of users, devices, and software.

Tekwurx is a **ServiceNow** ([servicenow.com](http://servicenow.com)) development partner, specialising in:

- ServiceNow Discovery
- Asset management
- CMDB integration
