

EQL - PHIO COLLECT PRICING

EQL believes in truly transparent and fair pricing for all our customers particularly within the NHS and public sector. The structure of our G-Cloud pricing for Phio Collect is extremely simple with a straightforward cost per organisation.

Onboarding fees

EQL designed and developed Phio Collect to be agile and easily integrated into our NHS and public sector customers. Customers can customise the questions to best suit their pathway requirements. They are also able to select the integration that best suits their business operational processes and technical support.

The main routes a customer can instruct Phio Collect are:

- Registration Landing Page
- Customer Admin Portal - Registration
- API Integration

The main routes a customer can receive completed Phio data are:

- Admin Portal - Triage Report Downloader (PDF)
- API Integration

For standalone implementations, onboarding is priced at £1,000 per day. For Integrated implementations, there may be a cost incurred from the 3rd party system that you wish to integrate with.

Software fees

£25,000 per year per organisation (1 x NHS Trust/One public body = 1 organisation)

Support fees

£2000 per month per organisation (cap of 5000 instructions per month)

VAT

All prices exclude VAT
