Enablement of Agile Approaches at Different Levels

Expleo can work with you at all levels on your agility journey

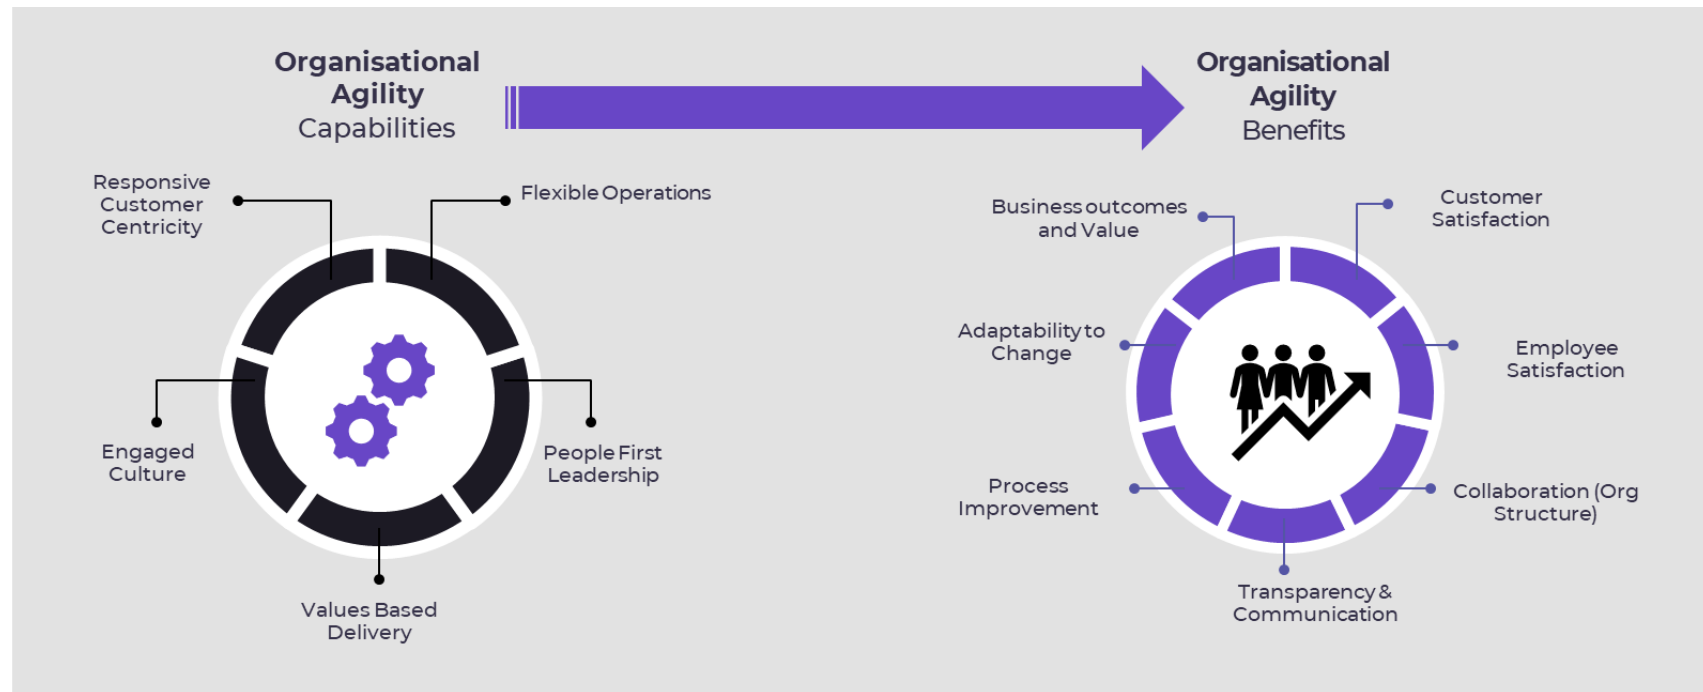

From an Organisational level, through a Transformation and Advisory lens, our **Business Agility** services can help shape your strategy and through our **Product Agility** and **Personal Agility** services, work with you all the way through to execution and adoption.

Organisational Enablement

We enable our clients who wish to make the step-change to Organisational agility, helping them adapt and respond more effectively to change whilst ensuring alignment to their strategic objectives.

At a transformation and advisory level, we work with you from strategy to execution, encompassing the culture change required across the organisation, along with the required tools and processes.

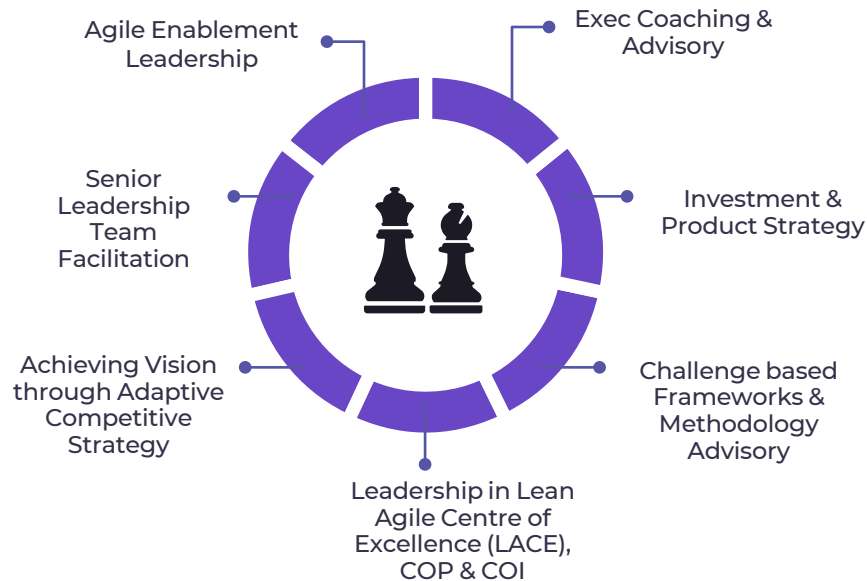

- We provide support and coaching to your Leadership Team to make the move to Transformational Leadership
- We can support your scaling to Enterprise Agility, so your workforce at all levels move to the new way of working and help with the mindset and culture shift
- We can ensure you have the necessary processes and tools to achieve Speed, Responsiveness, Flexibility and Competency from your teams, as well as providing a framework to for your related KPIs/OKRs to track your business value and ROI

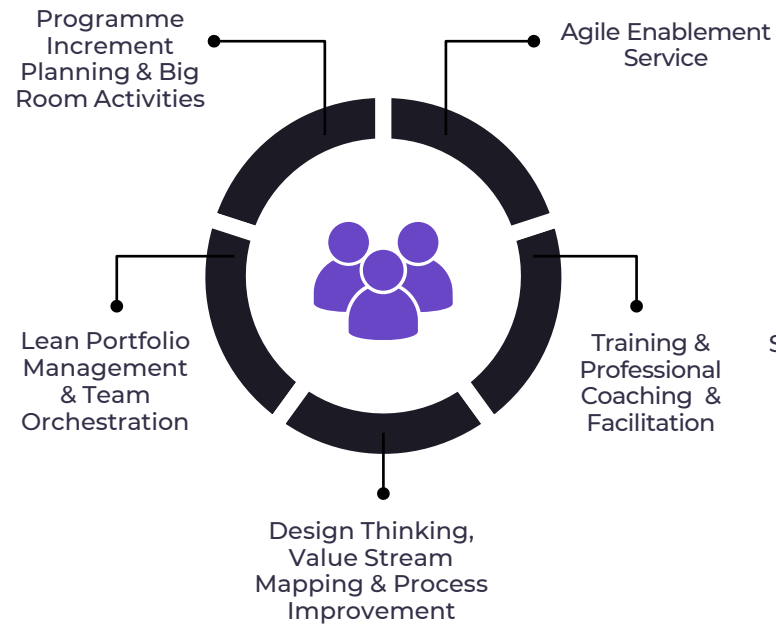

A Multi-Layered Coaching Approach

To deliver our Agility services, we use a variety of coaching techniques at a combination of levels to support your Organisation's agility transformation

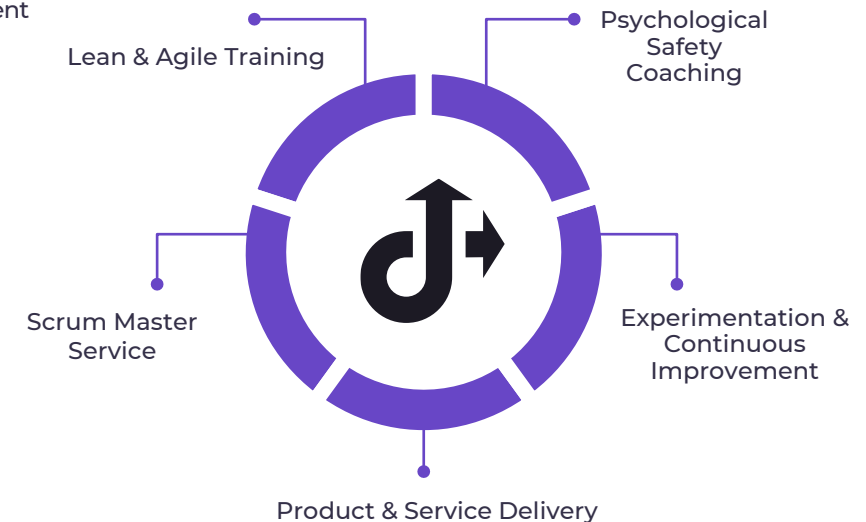

Enterprise Coaching Strategic Advisory

Teams Coaching Multi-Team Orchestration

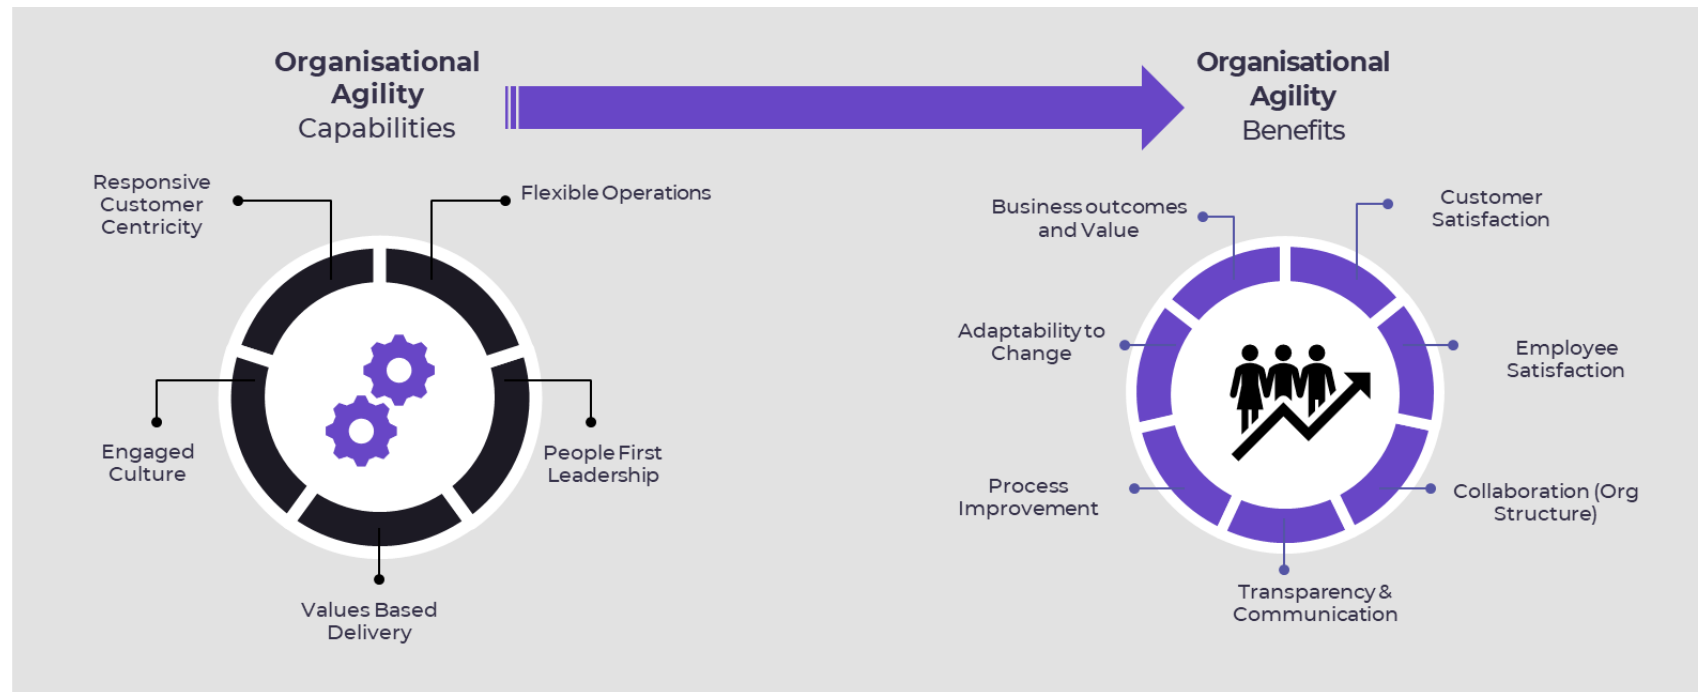

Individual Coaching Support & Improvement

Organisational Enablement

We enable our clients who wish to make the step-change to Organisational agility, helping them adapt and respond more effectively to change whilst ensuring alignment to their strategic objectives.

At a transformation and advisory level, we work with you from strategy to execution, encompassing the culture change required across the organisation, along with the required tools and processes.

- We provide support and coaching to your Leadership Team to make the move to Transformational Leadership
- We can support your scaling to Enterprise Agility, so your workforce at all levels move to the new way of working and help with the mindset and culture shift
- We can ensure you have the necessary processes and tools to achieve Speed, Responsiveness, Flexibility and Competency from your teams, as well as providing a framework to for your related KPIs/OKRs to track your business value and ROI

Agile Product Enablement

(expleo)

Expleo's solution comprises of a three-step approach of a **Discovery**, **Agile Squad Pilot** and future phase of scaling **Agile** across your **Portfolio** to leave you with an enduring **Product delivery capability**

1. Discovery

We will work alongside the client's team collaboratively to ensure a comprehensive analysis of the existing structures within the organisation is thoroughly understood in order to establish the best practices towards lean portfolio management and selecting the Pilot

2. Agile Squad Pilot

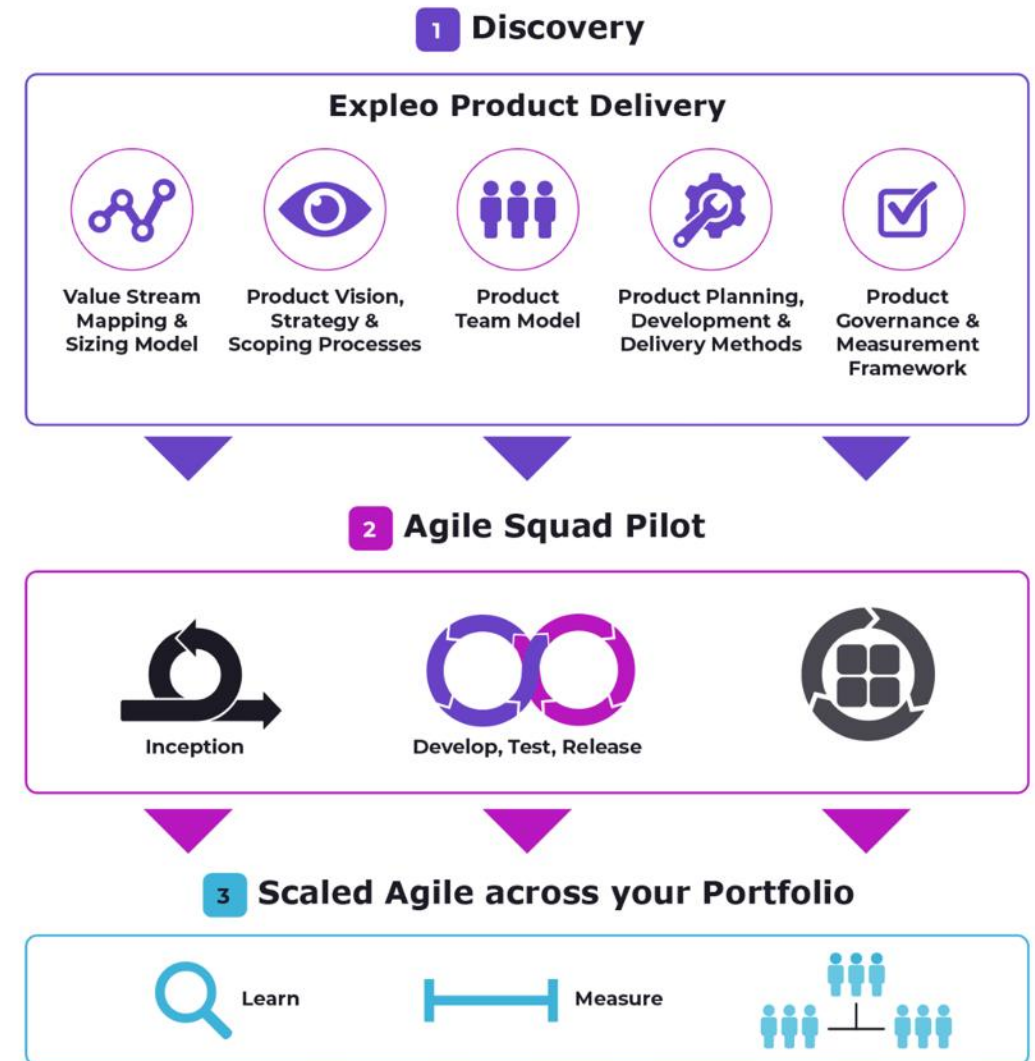

An Agile pilot will be executed with the selected Squad to demonstrate and qualify the approach and processes employed, shifting the mindset and implementing new ways of working

- **Forming:** developing the Product Pilot Team and ways of working
- **Agile Pilot Execution:** delivering agreed work iteratively with demonstrable value

This will be achieved by ongoing coaching of the Squad and stakeholders

3. Scaled Agile across your Portfolio

We will support to launch more Squads focusing on Customer value based on confidence earned and learning from the first pilot

Expleo Academy Agile Training

(expleo)

In our experience effecting change is broken down into 70% Work Experience (Coaching), 20% Feedback and Relationships (CoP structures), 10% Training (e learning, classroom training).
