PEOPLE ANALYTICS

People Analytics

MeVitae People Analytics centralizes workforce data from 40+ HRIS systems, creating a secure, fairness-led source of actionable insights. It surfaces attrition risks, pay gaps, and inefficiencies via real-time dashboards and reports, empowering leaders to boost retention, efficiency, equity, and business outcomes with measurable impact.

IMPLEMENTATION:

- Integration of MeVitae within your ATS, HRIS platforms or flat-file import
- Configurable to your reporting requirements
- Full onboarding and training of the solution

£10,000/month*

*Average of 3 months depending on ATS

SUPPORT:

- Dedicated support email to connect you to the Customer Success team.
- Support tracking to ensure that our SLA's are met.
- Support if a change in customisation is required.
- Additional training session a year for your recruiters and hiring managers.
