INTERVIEW INTELLIGENCE

Interview Intelligence

MeVitae's Interview Intelligence centralises all candidate information and automates key interview steps. Providing a unified dashboard with CVs, screening results, transcripts, and notes. It surfaces relevant insights in real-time and delivers structured transcripts and scorecards to support more informed, consistent interview decisions. Integrating with 30+ ATS/HCM platforms or as standalone solution.

IMPLEMENTATION:

- Integration of MeVitae within your ATS or standalone solution
- Configurable to your hiring process
- Full onboarding and training of the solution

£10,000/month*

*min 2 months depending on ATS

SUPPORT:

- Dedicated support email to connect you to the Customer Success team.
- Support tracking to ensure that our SLA's are met.
- Support if a change in customisation is required.
- Additional training session a year for your recruiters and hiring managers.

Pricing 30% Contract Value
