INTERVIEW SCHEDULING

Interview Scheduling

MeVitae's interview scheduling streamlines the interview coordination process by syncing interviewer availability and producing convenient time slots for candidates to select. It minimizes manual effort, delivers a smooth and consistent experience across hiring workflows and offers the flexibility to integrate with 20+ ATS platforms or function as a standalone solution.

IMPLEMENTATION:

- Integration of MeVitae within your ATS or standalone solution
- Integration of email/calendar providers
- Configurable to your hiring process
- Full onboarding and training of the solution

£10,000/month

SUPPORT:

- Dedicated support email to connect you to the Customer Success team.
- Support tracking to ensure that our SLA's are met.
- Support if a change in customisation is required.
- Additional training session a year for your recruiters and hiring managers.
