ETHICAL TALENT SCREENING

Ethical Talent Screening

MeVitae's ethical AI delivers fair, transparent, skills-based hiring by automating requirement curation, anonymised screening, and evidence-based evaluation. It provides editable criteria, clear proof of fit, personalised feedback, and multi-level assessments, while redeploying internal talent to open roles. Integrated with 20+ ATS, it enables faster, fairer, lower cost hiring with stronger matches.

IMPLEMENTATION:

- Integration of MeVitae within your ATS
- Configurable to your hiring process
- Full onboarding and training of the solution

£10,000/month*

*Average of 3 months depending on ATS

SUPPORT:

- Dedicated support email to connect you to the Customer Success team.
- Support tracking to ensure that our SLA's are met.
- Support if a change in customisation is required.
- Additional training session a year for your recruiters and hiring managers.

Pricing 30% Contract Value

Bespoke maintenance service available depending on organisation size and requirements.
